COMDTINST M5320.7Q
28 JAN 1998

COMMANDANT INSTRUCTION M5320.7Q

Subj: COMMISSIONED AND WARRANT OFFICER BILLET MANUAL

1. PURPOSE. This Manual prescribes the Officer Billet Code (OBC), Billet Control Number (BCN), General OPFAC Codes, and furnishes a listing of authorized billets to the officer corps of the Coast Guard.
2. ACTION. Area and district commanders; commanders of maintenance and logistics commands; commanding officers of Headquarters units, assistant commandants for directorates, chief counsel, and special staff offices at Headquarters shall ensure compliance with the provisions of this instruction.
3. DIRECTIVES AFFECTED. COMDTINST M5320.7P is canceled.
4. CHANGE. Authorized billets contained in enclosures (1) through (3) will be updated annually.

T. W. ALLEN
DIRECTOR OF RESOURCES

Encl: (1) Officer Billets
(2) USPHS Billets
(3) Warrant Officer Billets

CHAPTER 1

Section A. Officer Billet Code System

1. Purpose. The Officer Billet Code (OBC) system has been designed to provide program and personnel managers with more descriptive information about each Coast Guard officer billet. The following is an explanation of the coding system:

Digit	1	2	3	4	5	6
Example	6	0	4	1	6	A

- (a) DIGITS 1 & 2: Primary Occupational Field identifier, assigned according to table one. This identifier represents the functional field of the billet, and not necessarily the qualification requirements of the incumbent.
- (b) DIGIT 3: Organizational Level Code, assigned according to table two.
- (c) DIGIT 4: Job position code within the given level of organization; assigned according to table three. The job position descriptions in table three will be refined further as the need to identify particular billets is determined.
- (d) DIGIT 5: Authorized grade indicator (i.e. Captain = 6).
- (e) DIGIT 6: An alpha indicator assigned to identify billets with attributes of particular interest, or to distinguish between certain billets which are otherwise identical. The use of this digit will be refined further to meet the needs of program and personnel managers.

In the example above, OBC 60416A identifies a captain billet, commanding officer of an air station.

2. Warrant officer billets have temporarily been coded with a "1" in the grade indicator (digit no. 5).

Section B. Occupational Field Codes (DIGITS 1 & 2)

TABLE ONE

1. General Administration 01 - 09
 - 01 General Command and Staff

CHAPTER 2

Section A. Officer Billet Control Number

1. **PURPOSE:** The Billet Control Number (BCN) provides a unique identifier for each military billet. They can begin with the letter "B or M" and be followed by six digits or they can be seven digits alone.

CHAPTER 3

Section A. Table of General OPFAC Codes

1. PURPOSE. To assist the officer corps in submission of the Assignment Data form, the following general information is provided for reference purposes.

TYPE OF UNIT

VESSELS	OTHER
ANY AFLOAT UNIT-----10000	STATIONS-----30000
WHEC-----11400	BASES/YARD-----31000
270' WMEC-----11500	COMM STATION-----32000

GEOGRAPHIC AREAS

AA - Atlantic Area
 EC - East Coast
 GC - Gulf Coast
 PA - Pacific Area (includes 14th and 17th districts)
 01 thru 17 (specific district desired)
 20 thru 99 - HQ units (requires that "UNIT" block be filled with
 5 digit unit ID code)
 SP - Special duty assignment as listed in Personnel Manual,
 COMDTINST M1000.6 (Series), Chapter 4 (e.g., recruiting,
 instructing, intelligence, etc.)

CHAPTER 4

Section A. Listing of Authorized Billets

1. Purpose. A listing of commissioned, USPHS, and warrant officer billets (enclosures (1), (2), and (3) provides general information about authorized billets on a Servicewide basis. The listing is completely valid only on the date it is compiled. Regularly, billet changes occur through additions, deletions, relocation's, upgradings, downgradings, and other personnel allowance actions. Therefore, the information contained herein should not be used in any official statement concerning authorized personnel allowances. The sole intent of this list is to provide the officer corps information upon which to formulate assignment requests.
2. Use of the Manual. Officers using this Manual to develop their assignment requests are cautioned to note that this is a complete billet inventory as of December 1997. The availability of any specific billet is also keyed to normal tour length rotation. That information is available annually in the shopping list and/or directly from assignment officers.
