

THE COMMANDANT OF THE UNITED STATES COAST GUARD
Washington, DC 20593

Occupational Safety and Health Protection For Members of the United States Coast Guard

The Occupational Safety and Health Act of 1970, Executive Order 12196 and 29 CFR 1960 require the heads of Federal agencies to furnish to members places and conditions of employment that are free from job safety and health hazards. Commandant Instruction M5100.47 (series), Safety and Environmental Health Manual, incorporates Federal safety and health standards and establishes the safety and health program for the Coast Guard.

Coast Guard Responsibilities

1. General Requirements

The Coast Guard will furnish its members places and conditions of employment that are free from safety and health hazards.

2. OSHA Regulations

The Coast Guard will comply with applicable regulations of the Occupational Safety and Health Administration (OSHA).

3. Reporting Hazards

The Coast Guard will respond to member reports of hazards in the workplace.

4. Workplace Inspections

The Coast Guard will ensure that each workplace is inspected at least annually for hazardous conditions. The Coast Guard will post Notices of Unsafe or Unhealthful Working Conditions found during the inspections for a minimum of three working days, or until the hazard is corrected, whichever is later.

5. Correction of Unsafe Conditions

The Coast Guard will take prompt action to assure that hazardous conditions are eliminated following procedures as directed by COMDTINST M5100.47 (series). Imminent danger conditions will be corrected immediately.

6. Safety and Protective Equipment

The Coast Guard will acquire, maintain and require use of appropriate protective and safety equipment.

7. Safety and Health Training

The Coast Guard will provide occupational safety and health training for members.

8. Management Information System

The Coast Guard will set up a management information system to keep records of occupational mishaps, injuries, illnesses and their cause, and will post annual summaries of illnesses and injuries for a minimum of 30 days.

9. Reporting Mishaps, Injuries and Occupational Illnesses

In accordance with COMDTINST M5100.47 (series), supervisors must submit a mishap report for all work-related mishaps, including injuries or occupational illnesses, experienced by members under their supervision.

10. Safety and Health Committee

The Coast Guard will support safety and health committees that are formed from management and employee representatives.

Member Responsibilities

1. Compliance with Standards

Members shall comply with all OSHA and Coast Guard occupational safety and health standards, policies and directives.

2. Safety and Protective Equipment

Members shall use appropriate protective and safety equipment provided by the Coast Guard.

3. Reporting Hazards

Members shall report hazardous conditions, injuries, illnesses and other mishaps promptly to their supervisor or to unit safety personnel.

Rights of Members and Their Representatives

1. Participation in the Safety and Health Program

Members and their representatives shall have the right to participate in the Coast Guard Safety and Health Program. Members shall be authorized official time for these activities.

2. Access to Records and Documents

Members and their representatives shall have access to copies of applicable OSHA and other recognized standards and regulations; Coast Guard safety and health policies and directives; and Coast Guard mishap, injury and illness statistics.

3. Reporting Hazards

Members and their representatives shall have the right to report unsafe or unhealthful working conditions to appropriate officials and to request an inspection of the workplace. The name of the member making the report will be kept confidential if requested.

4. Freedom from Fear of Reprisal

Members and their representatives are protected from restraint, interference, coercion, discrimination, or reprisal for exercising any of their rights under the Coast Guard Safety and Environmental Health Program as described by COMDTINST M5100.47 (series).
