

QUALITY CONTROL CHECKLIST

DATE SHIPPED:	Shipped via: USPS UPS DHL FedEx Other:
DD Form 2624:	COMPLETED
<ol style="list-style-type: none"> 1. Are blocks 1-10 filled out correctly? 2. Block 1 – Submitting unit’s mailing address 3. Block 2 – Additional Service Information: Unit’s Major Command (MAJCOM), Urinalysis Coordinator’s (UC) Name and phone number. 4. Block 3 - Base Area Code, BAC, (example CD07) 5. Block 4 - Unit Identification Code, UIC 6. Block 5 - Batch number 7. Block 6 - Date Specimen Collected 8. Block 7 – Specimen number. Use Pre-printed on the form. Do not change number 9. Block 8 – SSN pre-printed with DTP Lite. The SSN must match the SSN on the bottle label and ledger. 10. Block 9 - Test Basis (IR, IU, IO, PO, etc.) 11. Block 10 - Test Information – (A for “E-4” and below or B for “E-5” and above.) 12. Are all applicable blocks completed on front of DD 2624 13. Are all errors properly corrected (with UC initial and date) and/or documented on a Certificate of Correction? 14. Does the DD 2624 have a Unit Urinalysis Ledger that mirrors it? 15. Does the date on the front of the DD 2624, the back of the DD 2624, Unit Urinalysis Ledger, and specimen label match? 16. Are the documents filled out with black ink? 17. Is the chain of custody (DD 2624, Block 12) correctly completed indicating all changes in custody? 	
For DTP Lite Completed DD 2624: <ol style="list-style-type: none"> 1. Is the UIC and BAC pre-printed on the form? If not, a Certificate of Correction must be completed for each batch for the Specimen labels. Do Not handwrite the UIC and BAC on the specimen labels. You may handwrite the UIC and BAC on the DD Form 2624, but you must blacken out the top barcode and initial and date each entry. 2. Are the bar codes of all voided specimens and/or specimens with corrections on the SSN blacked out, initialed, and dated? 3. Is the DD Form 2624 printed Head to Head or are any blacken out barcodes only blackened out up to one inch from the DD Form 2624’s left edge? 	

QUALITY CONTROL CHECKLIST

UNIT URINALYSIS LEDGER:	
<ol style="list-style-type: none"> 1. Does the Unit Ledger record the member's correct printed name and signature? 2. Does the Unit Ledger record the observer's correct printed name and signature? 3. Is the Unit Ledger stored in a secure location? 	
SPECIMEN LABEL AND BOTTLE:	
<ol style="list-style-type: none"> 1. Is the amount of urine adequate for testing (at least 30ml)? 2. Are all entries on the label in the proper location? 3. Are all bottle caps securely tightened? 4. Was tamper evident tape placed over the cap of the bottle, touching the label on both sides? Is all information legible? 5. If tamper tape broke while the UC was applying it, was a second piece correctly applied and a memorandum completed? Remember – do not send anything that records the donor's name to the lab. 6. Are the member's and UC's initials recorded on the specimen label? 7. Are all errors properly corrected with initial and date and/or with a Certificate of correction? 8. Are the bar codes on DTP made labels blacked out if the SSN was corrected? 	
SHIPPING:	
<ol style="list-style-type: none"> 1. Did the UC ensure that the specimen numbers were annotated on the box and specimens placed inside the box in the order they are listed on the corresponding DD 2624? 	
<ol style="list-style-type: none"> 2. Did the UC ensure that an absorbent pouch was placed in each box? 	
<ol style="list-style-type: none"> 3. Did the UC ensure that all seams on the box were secured with one continuous piece of tape (one piece around the middle and one on each end)? 	
<ol style="list-style-type: none"> 4. Did the UC ensure that his/her signature (legible) was written on the top and bottom of each box, from corner to corner, touching the tape on each side? 	
<ol style="list-style-type: none"> 5. Did the UC ensure that the original DD 2624 (front and back on one piece of paper printed Head to Head (two separate pieces of paper is a NO GO) and any Certificates of Correction were placed in an envelope and taped to the top of the corresponding box? 	
<ol style="list-style-type: none"> 6. Did the UC ensure that each box was placed in a white leak-proof bag?
