Re: Claim Number A08006-0001

Dear Ms. Abe:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act (OPA) (33 U.S.C. 2701 et seq.), has determined that \$3,221.01 is full compensation for OPA claim number A08006-0001.

This determination is based on an analysis of the information submitted. Please see the attached determination for further details regarding the rationale for this decision.

All costs that are not determined as compensable are considered denied. You may make a written request for reconsideration of this claim. The reconsideration must be received by the NPFC within 60 days of the date of this letter and must include the factual or legal basis of the request for reconsideration, providing any additional support for the claims. Reconsideration will be based upon the information provided and a claim may be reconsidered only once. Disposition of the reconsideration will constitute final agency action. Failure of the NPFC to issue a written decision within 90 days after receipt of a timely request for reconsideration shall, at the option of the claimant, be deemed final agency action. All correspondence should include corresponding claim number.

Mail reconsideration request to:

Director (ca)  
NPFC CA MS 7100  
US COAST GUARD  
4200 Wilson Blvd, Suite 1000  
Arlington, VA 20598-7100

If you accept this determination, please sign the enclosed Acceptance/Release Form where indicated and return to the above address.

If we do not receive the signed original Acceptance/Release Form within 60 days of the date of this letter, the determination is void. If the determination is accepted, an original signature and a valid tax identification number (EIN or SSN) are required for payment. If you are a Claimant that has submitted other claims to the National Pollution Funds Center, you are required to have a valid Central Contractor Registration (CCR) record prior to payment. If you do not, you may register free of charge at [www.ccr.gov](http://www.ccr.gov). Your payment will be mailed or electronically deposited in your account within 60 days of receipt of the Release Form.

If you have any questions or would like to discuss the matter, you may contact me at the above address or by phone at 202-493-6839.

I, the undersigned, ACCEPT the determination of \$3,221.01 as full and final compensation for the removal costs arising from the specific claim number identified above. With my signature, I also acknowledge that I accept as final agency action all costs submitted with subject claim that were denied in the determination and for which I received no compensation.

This settlement represents full and final release and satisfaction of the amounts paid from the Oil Spill Liability Trust Fund under the Oil Pollution Act of 1990 for this claim. I hereby assign, transfer, and subrogate to the United States all rights, claims, interest and rights of action, that I may have against any party, person, firm or corporation that may be liable for the amounts paid for which I have been compensated under this claim. I authorize the United States to sue, compromise or settle in my name and the United States fully substituted for me and subrogated to all of my rights arising from and associated with those amounts paid for which I am compensated for with this settlement offer. I warrant that no legal action has been brought regarding this matter and no settlement has been or will be made by me or any person on my behalf with any other party for amounts paid which is the subject of this claim against the Oil Spill Liability Trust Fund (Fund).

This settlement is not an admission of liability by any party.

With my signature, I acknowledge that I accept as final agency action all amounts paid for this claim and amounts denied in the determination for which I received no compensation.

I, the undersigned, agree that, upon acceptance of any compensation from the Fund, I will cooperate fully with the United States in any claim and/or action by the United States against any person or party to recover the compensation. The cooperation shall include, but is not limited to, immediately reimbursing the Fund for any compensation received from any other source for those amounts paid for which the Fund has provided compensation, by providing any documentation, evidence, testimony, and other support, as may be necessary for the United States to recover from any other person or party.

I, the undersigned, certify that to the best of my knowledge and belief the information contained in this claim represents all material facts and is true. I understand that misrepresentation of facts is subject to prosecution under federal law (including, but not limited to 18 U.S.C. §§ 287 and 1001).

### FACTS:

- 1. Oil Spill Incident:** On the evening of December 10, 2007, California Department of Fish & Game, Office of Spill Prevention and Response (OSPR) states that at about 1645 hours, OSPR Warden observed a sheen from as many as three derelict vessels beached at Sherman Island. OSPR reports that the initial threat appeared to be less than one barrel of mixed oil and diesel fuel. OSPR dispatched a field response team to investigate.

On December 11, 2007, Sector San Francisco reports that the sailing vessel *Sun Chaser* was anchored off the southern point of Sherman Island. Due to inclement weather, the anchor broke free and the vessel was pushed ashore next to an environmentally sensitive area. CG reports that the vessel is hard aground, sitting at a 45 degree list to port, and has taken on water in all compartments. A CG incident management pollution team was dispatched to the scene along with a Warden from OSPR.

Upon arrival, the team noticed a rainbow colored sheen that was half a mile in length and had washed up along the shore. The team was able to board the subject vessel and estimated that about 150 to 200 gallons of diesel was in the fuel tanks. The team also noticed a second vessel, CF 1134 SS, in the vicinity that was partially submerged with a potential of 50 gallons of gasoline. The responsible party (RP) of the sailing vessel was on scene but was not compliant with the instructions from the CG and OSPR.

At approximately 1130 hours, the CG opened a Federal Project and activated Universal Environmental to boom the areas around the vessel, mitigate the oil that had discharged, and pump out the remaining fuel in all the tanks. The CG determined all response completed on December 16, 2007 after monitoring two tide cycles following completion of response actions on December 14, 2007.<sup>1</sup>

- 2. Description of Removal Actions:** The Claimant arrived on scene on December 10, 2007 and provided joint oversight along with Sector San Francisco during the removal actions performed by Universal Environmental who was hired by the CG.
- 3. The Claim:** California Department of Fish & Game, Office of Prevention and Response (OSPR) presented a removal cost claim to the National Pollution Funds Center (NPFC) in the amount of \$3,234.79. The claim consists of OSPR personnel

<sup>1</sup> See CG Pollution Report # 3 and Final dated December 14, 2007.

costs in the amount of \$3,234.79 for their presence on scene from December 10, 2007 through December 16, 2007.

The claim consists of OSPR Incident Summary Sheet, OSPR payroll time sheet records, OSPR incident report, OSLTF Claim Form, and OSPR Investigation Report, witness lists, evidence sample log, copies of photos from the incident, and copies of disposal manifests.

**APPLICABLE LAW:**

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan". 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil".

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident".

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the

authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, "a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC."

Under 33 CFR 136.205 "the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC." [Emphasis added].

### **DETERMINATION OF LOSS:**

#### ***A. Overview:***

1. FOSC coordination was made by Sector San Francisco via Federal Project Number # A08006.
2. The incident involved the discharge of "oil" as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.
3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. The claim was submitted within the six year statute of limitations. 33 U.S.C. § 2712(h)(1)
5. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the majority of removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205.

#### ***B. Analysis:***

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable "removal actions" under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, to be consistent with the NCP or directed by the FOSC, and (4) whether the costs were adequately documented and reasonable.

Upon review of the claim submission, the NPFC has determined that the majority of the removal costs presented and incurred were billed appropriately at the time services were rendered. The NPFC performed independent research into the incident and obtained copies of the Coast Guard Pollution Reports and a copy of all evidence in the Coast Guard MISLE system.

The Claimant billed personnel time only in the amount of \$3,138.51 from December 10, 2007 through December 16, 2007, equipment costs for OSPR vehicle was also billed in the amount of \$82.50, and OSPR also billed \$13.78 in indirect/admin costs.

The NPFC confirmed the presence of the Claimant throughout the incident response and activities.

The NPFC denies the \$13.78 in indirect/admin costs as unsubstantiated and therefore not a proper use of the OSLTF.

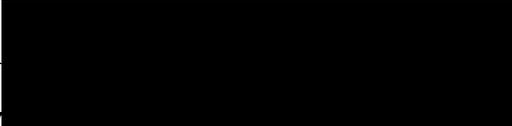

On that basis, the Claims Manager hereby determines that the Claimant did in fact incur \$3,221.01 of uncompensated removal costs and that that amount is payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim #A08006-0001.

The Claimant states that all costs claimed are for uncompensated removal costs incurred by the Claimant for this incident. The Claimant represents that all costs paid by the Claimant are compensable removal costs, payable by the OSLTF as presented by the Claimant.

***C. Determined Amount:***

The NPFC hereby determines that the OSLTF will pay \$3,221.01 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # A08006-0001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimant.
