

NVDCINST 16713

UNMATCHED MAIL SUBMISSIONS

We are in receipt of your request for information and/or services, but were unable to associate it to a Coast Guard documented vessel, based on the information provided. If the vessel was previously documented with the Coast Guard, an Official Number would have been assigned, preceded by the abbreviation "NO." and would be marked in block-type Arabic numerals at least three inches high on some clearly visible interior structural part of the hull.

If you have additional information that may be helpful in identifying the vessel, please resubmit your request and be sure to include that information.

You may conduct your own search using vessel name, number, call sign, hull number, flag, service and/or build year, by visiting: <http://cgmix.uscg.mil/PSIX/PSIXSearch.aspx>. Information on this website is updated weekly every Monday evening.

If you would like to renew your Certificate of Documentation (COD), please be sure to include payment and annotate the Official Number on the CG-1280 Application for Renewal mailed to your address on file with our office. If you do not have the original CG-1280, visit our website at: <http://www.uscg.mil/hq/cg5/nvdc/forms/cg1280.pdf> to obtain an Application.

If you failed to renew prior to COD expiration, instructions for Replacement/Reinstatement can be found at: <http://www.uscg.mil/hq/cg5/nvdc/instr/inst%20replace.pdf>.

Be sure all information is clearly legible, especially on hand-written submissions.

A copy of your original submission is enclosed.

Please do not submit the same request multiple times.
