June 30, 1988

On June 10, 1988 the United States Coast Guard ship Boutwell invited our hearing impaired children to come aboard for a tour. The crew and officers were extremely courteous and thoughtful. They made life-long friends for the Coast Guard with these children who ranged in age from 5 to 12. The patience and true caring exhibited by the crew of the Boutwell was very touching. The children were treated to a lunch in the mess room and given souvenirs to remember the day at tour end. We are very appreciative of the time and attention afforded us and wish to pass along our commendation to these special men and women.

Our sincere thank you to the United States Coast Guard and the men and women who made this visit rewarding and memorable.

The faculty, staff and students at Sunnyside School, Columbia Regional Program for the Hearing Impaired are requesting that this letter, or a copy thereof, be placed in the files for the officers and crew members listed.

Sincerely,

The Faculty and Staff
