4. DISCUSSION. The Personnel Service Center - Reserve Personnel Management Division (CG PSC-RPM) issues and maintains procedural guidance on Coast Guard Reserve assignment policy, including the centralized management of long-term non-contingency ADOS. The policy and guidance in this Instruction apply to the process for activating members of the Ready Reserve under Title 10 U.S.C. § 12301(d) for long-term non-contingency ADOS. CG PSC-RPM retains waiver authority for the over 16/18 years of total active duty, 1095 Rule, over 60 years of age, over 30 years of total service or total commissioned service, and other waiver scenarios as described in References (a) and (b).
5. DISCLAIMER. This guidance is not a substitute for applicable legal requirements, nor is it itself a rule. It is intended to provide operational guidance for Coast Guard personnel and is not intended to nor does it impose legally-binding requirements on any party outside the Coast Guard.
6. IMPACT ASSESSMENT. This Instruction creates no new personnel resources, training, or funding requirements.
7. PROCEDURE. Reference (a) assigns responsibilities to Coast Guard entities involved in the ADOS process. This Instruction assigns responsibilities for requesting long-term non-contingency ADOS and assigning members to ADOS positions. Definitions are provided in Enclosure (1).

 - (3) Re-solicit for positions that do not receive applicants during the initial 30-day period. The re-solicitation period will normally be 30 days and may be repeated as needed.
 - (4) Using the criteria in paragraph 5.c.(2)(b) of Reference (a), CG PSC-RPM assigns members to long-term non-contingency ADOS on a best-qualified basis from among candidates responding to Coast Guard-wide solicitations. CG PSC-RPM is the final approving authority for long-term non-contingency ADOS assignments.
 - (5) Notify the members Servicing Personnel Office (SPO), drilling unit, District (dxr) and the sponsoring unit of the selection.

At a minimum, the list will include the cap manager area of responsibility (AOR), department identification number, and position number for each authorized ADOS position.

ADOS cap managers may submit this information on behalf of the sponsoring unit or program. A valid position number is critical to the ADOS requirement, as it ensures funding has been approved by Commandant (CG-833) for ADOS-AC or by Commandant (CG-131) for ADOS-RC. ADOS requirements submitted to CG PSC-RPM must include the following information:
 - (a) Command requiring ADOS support,
