

[-] Flight Surgeon (N)
 [-] Core Privileges

[-] Operational and Primary Care Medicine Core Privileges and:

[-] Preliminary diagnosis and treatment or stabilization of: Clinical conditions related to the physiological stressors associated with flight, including:

<u>Privilege(s)</u>	<u>Supported</u>	<u>Not Supported</u>
Trapped and evolved gas dysbarism of all types	<input checked="" type="radio"/>	<input type="radio"/>
Vertigo	<input checked="" type="radio"/>	<input type="radio"/>
Tinnitus	<input checked="" type="radio"/>	<input type="radio"/>
Spatial disorientation	<input checked="" type="radio"/>	<input type="radio"/>
Hypoxia	<input checked="" type="radio"/>	<input type="radio"/>
Decompression sickness	<input checked="" type="radio"/>	<input type="radio"/>
Pneumothorax	<input checked="" type="radio"/>	<input type="radio"/>
Pulmonary embolism	<input checked="" type="radio"/>	<input type="radio"/>
Acceleration atelectasis	<input checked="" type="radio"/>	<input type="radio"/>
Air sickness	<input checked="" type="radio"/>	<input type="radio"/>
Fatigue/Performance Maintenance	<input checked="" type="radio"/>	<input type="radio"/>

[-] Diagnostic/therapeutic procedures or specialized aeromedical services: Comprehensive aviation physical examinations including:

<u>Privilege(s)</u>	<u>Supported</u>	<u>Not Supported</u>
Chest x-ray interpretation	<input checked="" type="radio"/>	<input type="radio"/>
Electrocardiogram performance and interpretation	<input checked="" type="radio"/>	<input type="radio"/>
Interpretation of required audiometric exams	<input checked="" type="radio"/>	<input type="radio"/>
Performance of comprehensive eye exams to determine refractive error, intraocular pressure, depth perception, ocular balance and color vision.	<input checked="" type="radio"/>	<input type="radio"/>
Evaluation of specialized x-rays such as sinus series, skull films and comprehensive spine series.	<input type="radio"/>	<input checked="" type="radio"/>
Refractions, manifest and cycloplegic for spectacle fitting	<input checked="" type="radio"/>	<input type="radio"/>
Outpatient psychiatric interviews to screen flight personnel for aeronautical adaptability, adjustment/behavioral disorders and/or neuroses or psychoses	<input checked="" type="radio"/>	<input type="radio"/>
Preventive aeromedical programs within aviation squadrons, carrier air groups and aviation wings	<input checked="" type="radio"/>	<input type="radio"/>
Basic aircraft crash investigation services	<input checked="" type="radio"/>	<input type="radio"/>

[-] Supplemental Privileges
