

2012 PPC Annual Yeoman Symposium Schedule

The theme for this year's Yeoman Symposium is "*Expanding Horizons: Where Tradition and Transformation Converge*". The Coast Guard, known for a storied tradition and quick adaptability during times of transformation, is again entering into a new phase of operation with respect to human capital management. As the effects of modernization take hold and the responsibilities change across the service, it will be the Yeoman we look to for answers in personnel management. This year's theme addresses the reality of the Yeoman world of work and how achieving the goals of **People, Purpose, and Passion** are essential to successfully accomplish and sustain Coast Guard missions in the future.
