- Social events are open to all individuals diagnosed with Autism Spectrum Disorder and their family, friends, & service provider professionals regardless of geographic location, age, gender, creed, race, or autism treatment choices.
- We have developed specialized online forums to:

 - ❖ Connect nationally to share knowledge & experiences
 - ❖ Serve special interests & communities such as the military, boy and girl scouts, and multiple disabilities.
- If you have a loved one with ANY special needs diagnosis...

We welcome you to come connect & share in our Special Needs General Discussion area of our forum.
