Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the following:

- o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level course requirements, and the total number of credits needed for the degree.
- o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification

programs, etc.

o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: [www.soc.aascu.org](http://www.soc.aascu.org) should you wish to learn more about the course transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program, please send the completed enrollment form (found on the college's web page) to the USCG Institute. The registrar will send the college or university an official USCG transcript, a copy of the degree plan (if one was developed through the USCG Institute and was identified on your transcript request), and a ready-for-signature SOC Student Agreement (when signed by a college official, becomes a contract for degree completion).

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

#### DEGREE PLAN LEGEND:

SH = Semester hours  
 VOC = Vocational, not relative to an academic degree  
 LL = Lower Level, i.e. courses at the Freshman/Sophomore level  
 UL = Upper Level, i.e. courses at the Junior/Senior level  
 GL = Graduate Level (sometimes recommended by ACE for very complex courses)  
 [#] such as [EN024A] or [EN024B] = SOC Course Category Codes\*  
 {#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes \*\*

\* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

\*\* DANTES Academic Codes: The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually,

which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit [http://www.dantes.doded.mil/dantes\\_web/distancelearning/disc/front/cont.htm](http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm) Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

#### Coastline Community College (CCC) General Information

Coastline Community College has an International reputation as one of the nation's most innovative institutions. Founded in 1976, Coastline continues to deliver education through technology and a comprehensive curriculum.

Unlike other colleges, Coastline does not have a traditional campus. Instead, instruction is offered in nine different cities within the college service area, at approximately 50 sites close to students' homes and workplaces. These teaching sites include banks, senior centers, high schools, office buildings, shopping malls, and many other facilities. In addition to these sites, the College has main area learning center based in Costa Mesa, Fountain Valley, and Westminster. In 1997, the College opened a new center in Garden Grove which features the latest in technology, specialized labs, and large lecture facilities.

Coastline provides a variety of quality programs with innovative instructional technologies and creative, flexible scheduling options to make education convenient, accessible, and successful for you.

At Coastline, you may choose to take classes from your home or workplace by enrolling in distance learning classes that combine traditional technologies such as telephone, television, mail and fax, or with new technologies such as computers, the Internet, and CD-ROMs. Or you may choose to attend class in one of the many convenient learning centers near your home or workplace. Coastline also works cooperatively with many companies and agencies to provide education and training both locally and internationally.

As you browse our Web site, you will find descriptions of programs and services designed to create a positive and successful educational experience for you. Take advantage of the programs and services Coastline offers. The faculty and staff at Coastline are eager and committed to serving you.

Distance Learning courses fulfill degree requirements. Coastline offers a comprehensive selection of distance learning courses that allow you to meet nearly all the requirements for an Associate in Arts (A.A.) Degree. Students should speak with a counselor regarding degree requirements

Take courses over the Internet and work at your own time, place and speed! Use your computer with an Internet account, such as Earth Link or America Online (AOL), to access the Coastline Distance Learning Web site. Course materials (lectures, video

clips, sound files, images, site links, assignments, quizzes, instructor interaction, chat rooms) are featured on the Web site. Textbooks, possible multimedia materials and videos are part of the packet purchased for the course. Exams are conducted on-site or proctored for students unable to attend locally.

Study independently using specially prepared course materials that include reading materials, textbooks, study guides, self-paced assignments and video materials. May also include CD-ROM multimedia materials, Internet access or lab kits. Interact with instructor via phone, FAX or e-mail, watch or listen to pre-recorded review sessions, mail in assignments and quizzes, and take on-site or proctored exams.

Coastline is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

Tuition: (subject to change)

The cost of the courses the online and CD ROM Courses for Cutters is \$153 per unit but the PDA PocketEd courses are \$203 per unit and California residents courses are \$20 per unit.

\*Active military personnel are exempt from nonresident tuition fees for on-site classes provided they are in California.
