

What's on Your Mind?

The Vice Commandant of the U.S. Coast Guard Wants Your Voice Heard!

❖ **What:** A special climate survey is underway to solicit your perceptions! The open dates of the survey are January 29 - February 29 2016.

❖ **Who:** Do you work at a small unit (25 or fewer) where you were not offered the opportunity to give input through the Defense Equal Opportunity Climate Survey (DEOCS)? Have you *not*, for any reason, taken the DEOCS in the past 12 months? Then this opportunity is *especially* for you. Other workforce members may also participate.

❖ **Why:** The Vice Commandant wants 100% of the workforce to have the opportunity to express their views.

❖ **How:** Go to any Internet connection at home, work, or elsewhere. Visit <https://www.deocs.net/user4/login/login.cfm> and use the password 1579238RxUnix (case sensitive). A common password for everyone who participates ensures that your responses are completely anonymous.
