CANADA - UNITED STATES Joint Marine Pollution Contingency Plan

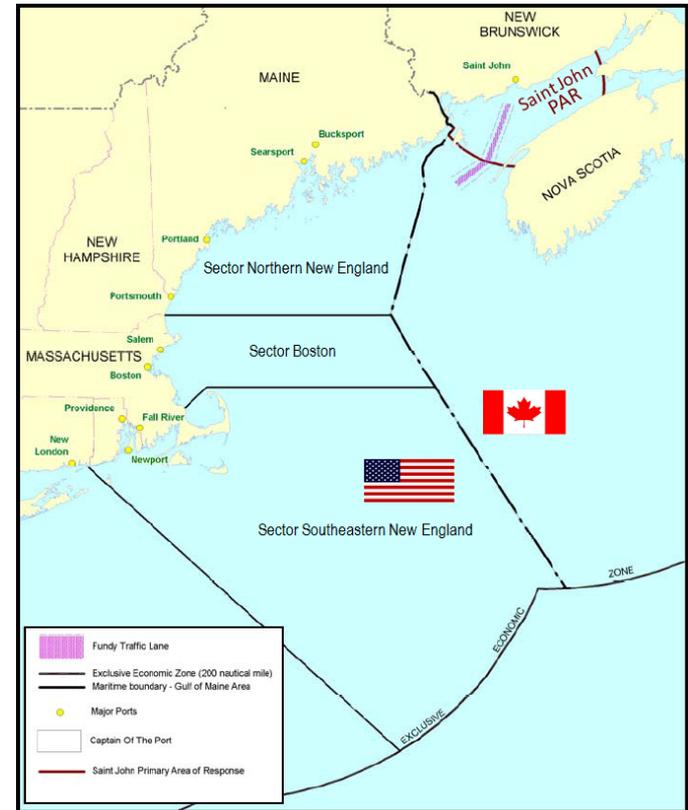

JCP Status Update

- USCG and CCG are finalizing updates to the JCP
- It is currently under review by each agency's legal department
- Revised JCP is expected to be completed/signed by March 2013

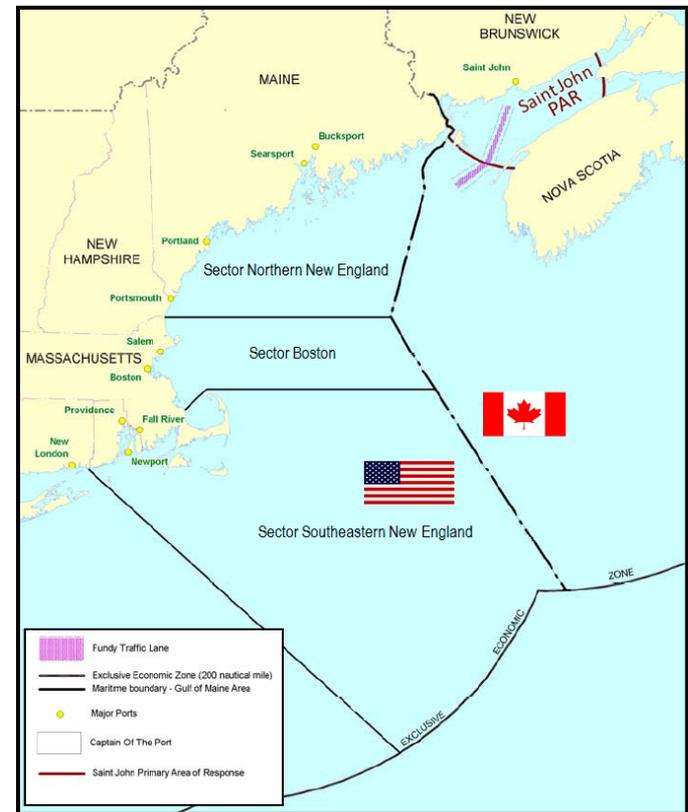

JCP Status Update

- Add definitions to several terms in order to distinguish language used in the National Contingency Plan (NCP) from terms used by Canadian responders..
 - e.g.
 - Polluter /Responsible Party
 - Hazardous/Harmful Substance

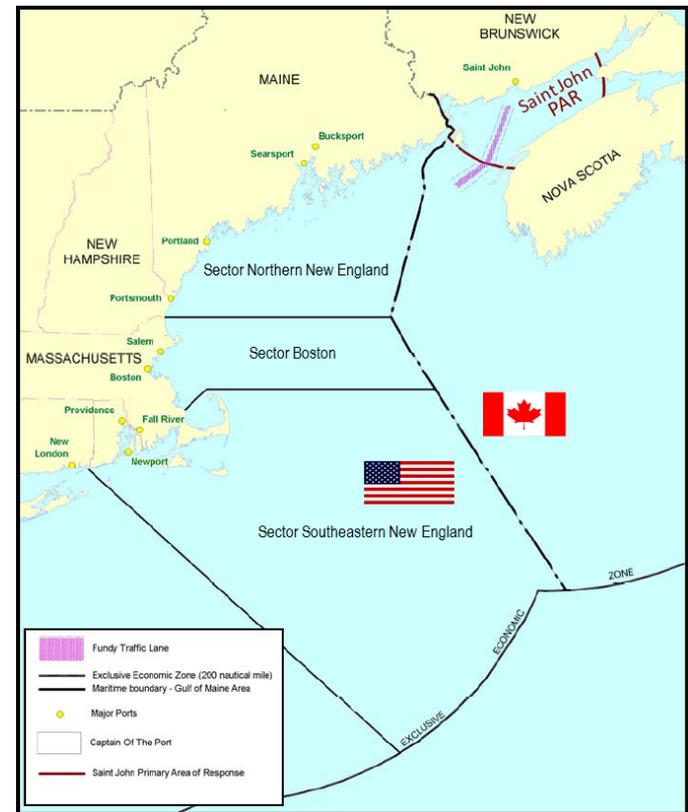

JCP Status Update

- Add a requirement for Joint Response Team (JRT) meetings at least annually or more often if needed.
 - Promulgate in writing

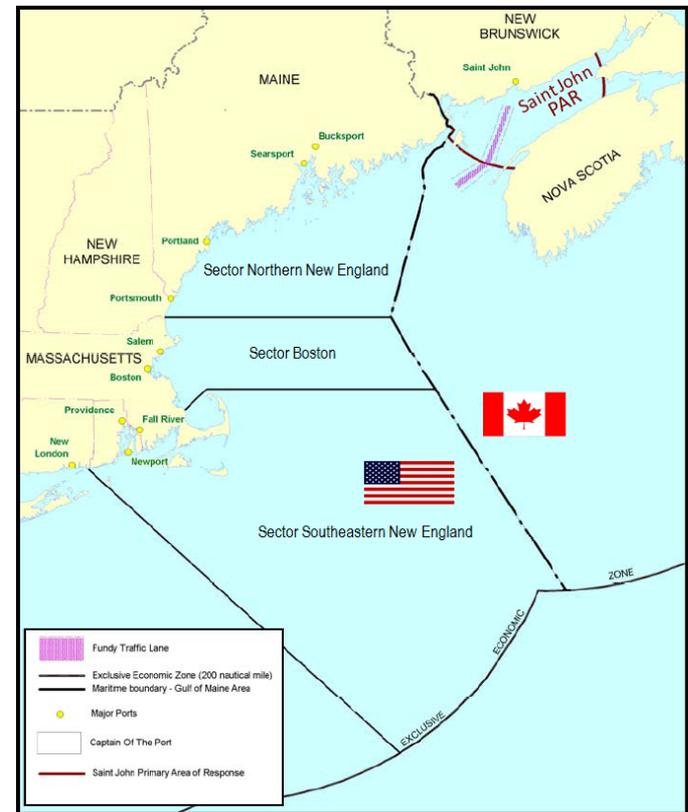

JCP Status Update

- Introduce the National JCP Committee, to be co-chaired by MER Chief and his/her Canadian CG equivalent.
 - National JCP Committee:
 - Provides oversight and support to the Regional JRTs
 - Meets annually or more often as needed

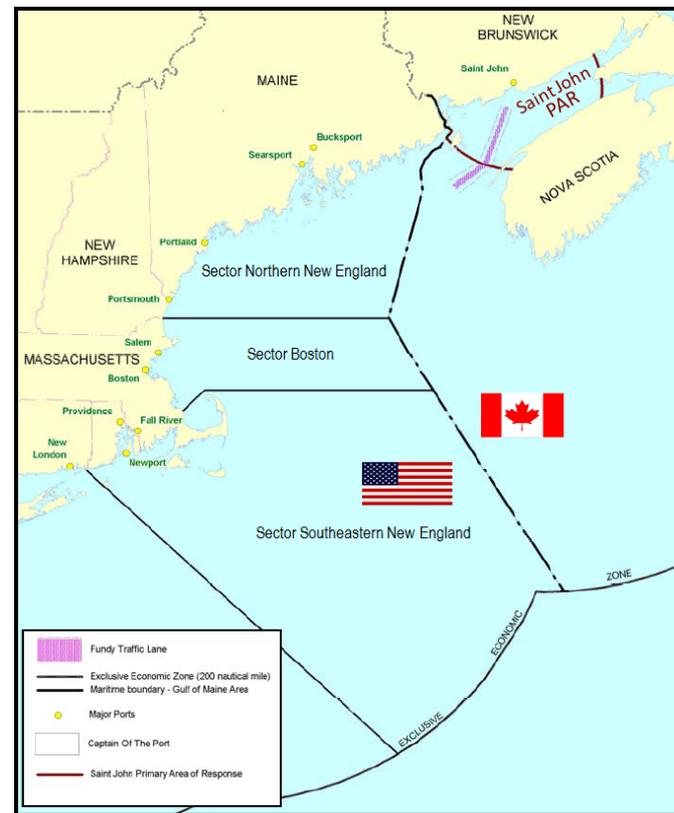

JCP Status Update

- Introduce the Executive Secretariat, to be co-chaired by the Technical Advisor to MER Chief and his/her CCG equivalent
 - Executive Secretariat:
 - Supports the National JCP Committee
 - Ensures the National JCP Committee priorities/objectives are met
 - Meets semi-annually or more as needed

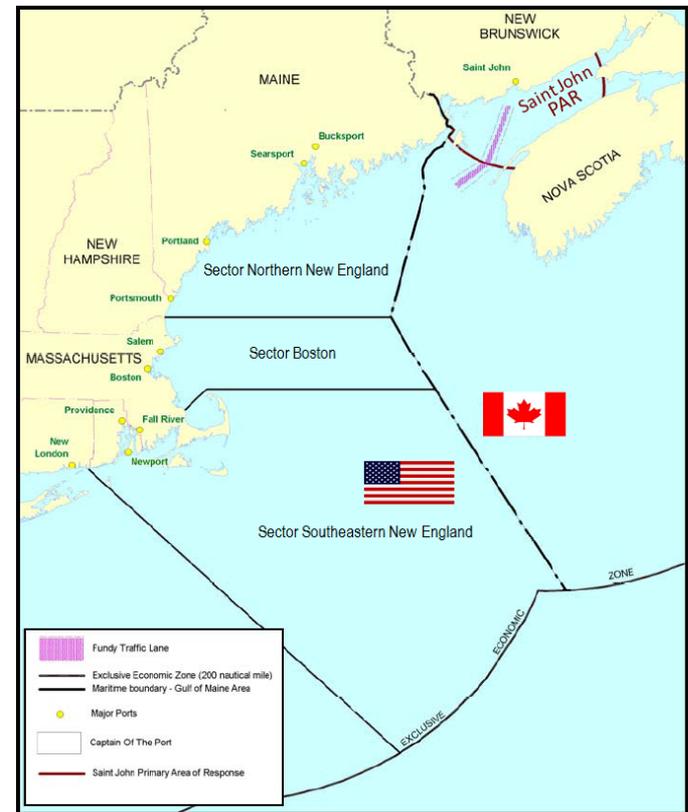

JCP Status Update

- Change “contiguous waters” to adjacent waters throughout the JCP

JCP Status Update

- Change job titles throughout to reflect changes in CCG administration as well as the new Incident Management and Preparedness Advisor (IMPA) positions in the USCG.
 - 13 IMPA Positions throughout USCG
 - 10 EPA Federal Regions
 - Alaska
 - Caribbean
 - Oceania
