Subj: CHANGE 4 TO LONG ISLAND SOUND AREA CONTINGENCY PLAN (ACP)

Ref: (a) G-MOR Draft Instruction 16471.1 of June 1996

1. Forwarded is the recently revised Long Island Sound Area Contingency Plan. The revision is a reflection of a comprehensive effort by the Area Committee to update the plan as required.
2. Contained in this revision are significant updates to the January 1995 plan, which include a change in format in accordance with reference (a).
3. The revisions in this plan were made possible due to the significant allocation of time and resources from Active, Reserve, and Civilian Coast Guard personnel. This "Team Coast Guard" effort produced a viable revised resource for pollution incidents within the COTP Long Island Sound Zone.
