

First Aid Chest

Links to applicable regulations

[46 CFR 28.210](#)

Checklist for this item

	The regulations do not specifically state the type or size of the first aid chest for a particular vessel.
	It should be sufficient for the crew size and vessel operations
	Check all medicines inside the kit that have an expiration date to ensure they have not expired.
	Check inventory and replace items that are missing or damaged.
	Copy of a first aid manual.
