

## Personal Marker Light (PML)

### Links to applicable regulations

[46 CFR 25.25-13 - Requirement](#)

### Checklist for this item

	Personal marker lights must be securely attached to the front shoulder of the PFD or immersion /exposure suit.
	Ensure the PML is Coast Guard approved
	If powered by a battery ensure the battery is not expired.
	<ul style="list-style-type: none"><li>If a standard battery that can be purchased at any store such as a C or AA type is used, it must be replaced annually.</li></ul>
	Note: Chemical lights do not work well in near freezing temperatures. Utilize battery operated lights in these situations.
