

Auxiliarist of the Week

Aug 10 / Jim Armstrong Div 10 / Montana

The Auxiliarist of the Week is Jim Armstrong of Bozeman, Montana.

Jim spent over 50 hours planning last month's first-ever Montana-based Eastern Area Conference which was held at Canyon Ferry, Montana for 38 members.

The conference consisted of classroom & on-the-water training where members were qualified or recertified on personal watercraft (PWC) or as boat crew.

Jim worked on planning this event from his home situated over 100 miles away & saved money by creatively using of The Canyon Ferry Visitor's Center in a deal he brokered through the Bureau of Reclamation.

At the conference Jim qualified as a Personal Watercraft Operator & later on in the day led the group for area familiarization of the 28 mile long lake.

In July Jim showcased his leadership as he voluntarily stepped into the Division Captain's role after circumstances forced the previous captain to step down.
