9200 Personnel and Services Directory

9210 Federal Resources/Agencies

9210.1 Federal Resources

9210.11 Response Resource Inventory

Response Resource Inventory (RRI) system is an information system that provides a comprehensive list of equipment, companies, organizations, and personnel that are available to clean up oil and other hazardous material in the water. The RRI Bulletin Board is a public access system. There are no logon restrictions enforced. This system is available 24 hours a day, 7 days a week. To access the system dial (919) 331-6039. Further information can also be gained by contacting NSFCC at (919) 331-6000, ext 3036.

9210.12 OSROS

Coast Guard Marine Safety and Environmental Protection Division (G-M) maintains and updates annually a listing of current OSROs and their equipment. This information is downloadable from the Internet on G-M's homepage at:

<http://www.uscg.mil/hq/nsfcc/nsfweb/nsfcc/ops/osro.html>

9210.13 National Strike Force

The National Strike Force (NSF) was created in 1973 as a Coast Guard staffed "Special Force." This special force assists On-Scene Coordinators (OSCS) responding to potential and actual oil and hazardous material spills as directed by the National Contingency Plan (NCP). The National Strike Force is composed of four units including three, 35 member Strike Teams. These teams are: The Atlantic Strike Team located in Fort Dix, NJ (609) 724-0008; the Gulf Strike Team located in Mobile, AL (334) 441-6601; and the Pacific Strike Team located in Novato, CA (415) 883-3311. A fourth unit, (National Strike Force Coordination Center) which is located in Elizabeth City, NC (252) 331-6000, manages the Strike Teams. The NSF is a unique, highly trained cadre of Coast Guard professionals who maintain and rapidly deploy with specialized equipment in support of Federal On-Scene Coordinators preparing for and responding to oil and chemical incidents in order to prevent adverse impact to the public and reduce environmental damage. Requests for Strike Team Assistance. As outlined in the NCP, "The FOSC may request assistance directly from the Strike Teams. Requests for a team may be made to the Commanding Officer of the appropriate team, the USCG member of the RRT, or the Commandant of the USCG through the NRC." FOSC's are encouraged to use the NSF whenever its expertise or equipment is needed, or to augment the FOSC's staff when it is overburdened by a response to a given incident.

9210.14 Public Information Assist Team

The Public Information Assist Team (PIAT) is an element of the NSFCC staff, which is available to assist OSCs to meet the demands for public information during a response or exercise. Its use is encouraged any time the OSC requires outside public affairs support. Requests for PIAT assistance may be made through the NSFCC or National Response Center. Public Information Assistance Team can be reached at 252-335-2860.

9210.15 USCG District Response Group (DRG)

The District Response Group is a framework within each Coast Guard district to organize district resources and assets to support USCG FOSCs during response to a pollution incident. Coast Guard DRG assist the FOSC by providing technical assistance, personnel, and equipment, including the Coast Guard's pre-positioned equipment. Each DRG consists of all Coast Guard personnel and equipment, including fire fighting equipment, in its district, additional pre-positioned equipment.

9210.16 US NAVY Supervisor Salvage (SUPSALV)

The U.S. Navy (USN) is the Federal agency most knowledgeable and experienced in ship salvage, shipboard damage control, and diving. The USN has an extensive array of specialized equipment and personnel available for use in these areas as well as specialized containment, collection, and removal equipment specifically designed for salvage related and open sea pollution incidents. The Supervisor of Salvage (SUPSALV) can provide salvage expertise and maintains a warehouse on each coast stockpiled with salvage and response gear. The nearest SUPSALV location is in Norfolk, VA. Individual Navy Facilities also locally stockpile some response equipment, which is also listed in the RRI. Refer to the NSFCC Spill Response Resource Inventory RRI for a listing of SUPSALV equipment.

Navy Supply/Salvage (SUPSLAV)	703-607-2758
24 Hour	703-602-7527

9210.17 NOAA Scientific Support Coordinators (SSC)

NOAA Scientific Support Coordinators (SSCs) are the principal advisors to the FOSC for scientific issues, communication with the scientific community, and coordination of requests for assistance from State and Federal agencies regarding scientific studies. The SSC leads a scientific team and strives for a consensus on scientific issues affecting the response but ensures that differing opinions within the community are communicated to the FOSC. The SSC can also assist the FOSC with information relating to spill movements and trajectories. The NOAA SSC serves as the FOSC's liaison between damage assessment data collection efforts and data collected in support of response operations. The SSC leads the synthesis and integration of environmental information required for spill response decisions in support of the FOSC, coordinating with State representatives, appropriate trustees and other knowledgeable local representatives.

9210.18 EPA Emergency Response Teams (ERT)

The EPA's Environmental Response Team (ERT) has expertise in treatment technology, biology, chemistry, hydrology, geology, and engineering. The ERT can provide the OSC access to special equipment to deal with chemical releases and can provide the OSC with advice concerning hazard evaluation, multimedia sampling and analysis, risk assessment, on-site safety, cleanup techniques, water supply decontamination and protection, use of dispersants, environmental assessment, degree of cleanup required, and the disposal of contaminated materials. The ERT also offers various training courses to prepare response personnel. To obtain additional information about ERT or on various training courses visit their web site at:

<http://www.epa.gov/region3/news.htm>

9210.19 Agency for Toxic Support and Disease (ATSDR)

The Agency for Toxic Substances and Disease Registry (ATSDR) maintains appropriate disease/exposure registries, provides medical care and testing of individuals during public health emergencies. ATSDR also develops, maintains, and informs the public concerning the effects of toxic substances, maintains a list of restricted or closed areas due to contamination, conducts research examining the relationship between exposure and illness, and conducts health assessments at contaminated sites. The ATSDR also assists the EPA in identifying most hazardous substances at CERCLA sites, develops guidelines for toxicological profiles of hazardous substances, and develops educational materials related to the health effects of toxic substances. ATSDR resources are an important tool for the OSC to use in assessing the possible effects of an environmental emergency on the public's health. Additional information can be obtained by contacting ATSDR at 1-888-42-ATSDR or 1-888-422-8737 or visit their web site at <http://www.atsdr.cdc.gov/atsdrhome.html>.

9210.110 US Marine Corps Response Equipment

In the event of a major catastrophic oil spill, the U.S. Marine Corps at Camp LeJeune has various oil spill response equipment. To request the use of the vessels contact the U.S. Marine Corps, Camp LeJeune at (910) 451-9667 or (910) 4511482.

9240 Private Resources

9240.1 Oil Spill Removal Organizations (OSRO)

A complete listing of OSROs by COTP zone or company name can be obtained on the Coast Guard Marine Safety and Environmental Protection's web site at: <http://www.uscg.mil/hq/g-m/nmc/response/index.htm#OSRO>

The following companies have basic ordering agreements with MSO Wilmington and are OSRO-certified:

9240.11 National Response Corporation

Company Name	National Response Corporation
Address	3500 Sunrise Highway, Suite T-103 Great River, NY 11739
Contact Person	24 Hrs: (800) 899-4672 Fax: (631) 224-9082 Web Page: www.nrcc.com

9240.12 Southeast Response and Remediation

Company Name	Southeast Response and Remediation Inc
Address	4920 US Hwy 421N, Wilmington, NC 28401
Contact Person	Billy Murrell 24 Hrs: (910) 763-6274 Fax: ()

9240.2 Basic Ordering Agreements (BOA) Only

The following organizations, listed alphabetically, are not OSROs but have basic ordering agreements with MSO Wilmington:

9240.21 Contaminant Control

Company Name	Contaminant Control
Address	311 Judges Road Suite 12F, Wilmington, NC 28405
Contact Person	Dan Broadhead, Regional Manager 24 Hrs: 1-888-624-6555 Phone: (910) 791-3115 Fax: (910) 791-2883

9250 Federal Resources

Company Name	MSO Response Trailers
Contact Person	Port Operations, Marine Environmental Protection Division
Affiliation	US Coast Guard
Equipment Location	See Division SOP

9260 State Resources

See the [NC Emergency Operations Plan](#) for more information.

9270 Command Center Locations

The Command Center shall be selected and utilized for its location relative to the scene, security, square footage, and communications readiness, at the deployment area to support response. Local Sheriff or Emergency Management Mobile Command Center augmented with USCG and ORSO communications and cellular phones may supply rapid support.

The command post must be of adequate size to support the anticipated number of personnel. A minimum of 3,000 square feet is required for the main Coast Guard command center, with partitioning for a 500 square foot responsible party office. Some locations include hotels, motels, County Emergency Operation Center(s) (EOC), portable or fixed trailers and federal, state or local agency buildings as deemed necessary by the FOSC. Additionally, these site locations can be used for internal and external training exercises, deployment exercises, PREP training exercises/drills, triennial area training exercises) and TTX(s).
Command Center Recommended Materials

The materials shown in Table 1 are recommended for use in the Command Center.

Equipment	Specifics
Radio	(1) VHF-FM MCX-1000 Radio with channels 16, 12, 13, 21a, 22, 23 and 81a minimum and an extra range antenna (30 feet). (2) Portable weather radio.

Equipment	Specifics
Telephones	(1) Multiple telephones with separate lines will be needed based upon the size of the response effort. Phones and phone service to be obtained from the local Telephone Company in the area. a. Watch stander and watch officer desk (two phones). b. Planning table (one phone). c. Comms room (one phone) (2) Cellular telephones. Six cellular telephones with spare batteries, charging racks and automobile plug-in cords.
Facsimile Machine	
Computers	(1) CG standard workstation computer with floppy drive unit. (2) Macintosh computer and printer. (3) Lap top computers compatible with CG standard system. (4) Modem(s), Portable fax machine(s).
Generator	5 KW minimum
A/C units	2 or a KW generator
Toilets/Wash Basins	
Television	19" television with video camera and VHS capabilities with antenna and mounting brackets.
Video Equipment	(1) Two video cameras, VCR etc. (2) Polaroid impulse cameras (06)each and film. (3) Two 35mm Cameras and film. (4) Slide projector
Plain Paper Copier (portable)	One plain paper copier with regular and legal sized paper.
Miscellaneous Equipment	(1) Stationary and supplies. (2) Portable lighting, generators) (3) Surge protectors for electronic equipment. (4) Charts of the AOR and detailed charts of the effected areas, city and county street maps and topographic charts.
Manuals	(1) CHRIS-Chemical Hazards Response Information System. (2) Chemical Reference Guide books. (3) IMDG- International Maritime Dangerous Goods Codes. (4) Telephone Books (5) ACP, MSO Wilmington Firefighting Plan. (6) OPA-90, Title 29, 33, 40, 46 and 49 CFR's etc. (7) Federal Response Plan, NPFC User Reference Guide, etc. (8) Field Operations Guide (FOG)

Table 1 - Command Center Recommended Materials

9270.1 Command Center/Post Sites

The following is a list of recommended pre-established, command center(s)/Command Post sites for CCGF and/or FOSC Unified Command throughout the AOR:

Coastline Convention Center	National Guard Armory	Onslow County EOC
CG Group Fort Macon		

Table 2 - Command Center/Post Sites

Listed below are establishments, which could supply maps/charts in the event of an oil spill:

Map Express P.O. Box 280445 Lakewood, CO 80228 (800) 627-0039 (303) 987-9384	U.S. Geological Survey Books and open-File Reports Federal Center, Box 25425 Denver, CO 80225 (303) 236-7476	Powers Elevation Co., P.O. Box 440889 Aurora, CO 8044-0889 (800) 824-2550 (303) 321-2217

9290 Storage and Disposal Facilities

9290.1 Temporary Storage Facilities

This is a link to a list of storage and disposal facilities within the AOR. This document is taken from the Hazardous Substance Plan. [hazsub plan\storagedisposal.doc](#)

Calucci Hazardous Waste Services 401 Meadow Street Cheswick, PA 15024 (412) 274-5707 Services Advertised: "Consulting, transportation, disposal, site remediation, management, packaging, technical services, manifests. Site evaluations, mechanical excavation, concrete and underground construction, transportation, industrial hygiene, nuclear and chemical waste consultations, project safety procedures, training. Install and remove underground and above ground storage tanks."	
---	--

92100 Salvage Companies/Divers

Salvage Companies. Navy SUPSALV's Salvage Operations Division maintains standing worldwide commercial contracts for salvage, emergency towing, deep ocean search and recovery operations, and oil pollution abatement. SUPSALV can be contacted at (703) 607-2758 / 602-0320 FAX: (703) 607-2757. Additional information on their capabilities can be obtained on the Internet at SUPSALV's web site at:

<http://www.supsalv.org/salvage.html>.

92100.1 Local Companies

<http://www.marinersguide.com/regions/southatlantic/beaufort.nc/>

Skippy Winner (919) 251-9824
Atlantic Diving & Marine (919) 791-2411
Bordeaux Salvage & Const. (919) 762-8464

92100.2 Army Diving Attachment

The Army Diving Detachment is located at Fort Eustis, VA and is available to assist with pollution response incidents. Army assistance should be coordinated through the DOD member of the Regional Response Team if time permits. Requests may also be coordinated directly with the Army Diving Detachment by contacting the Army Diving Detachment Coast Guard Liaison, at (804) 878-5780 or 5658, fax (804) 878-2175. Funding will normally be transferred through Military Interdepartmental Purchase Request (MIPR) for all assistance.

92110 Waste Disposal Companies

New Hanover County Incinerator: US 421 North, 3002 North

“WASTECC” Wilmington, NC 2840
Contact: Mr. Ray Church
(910)341-4340

“KOSA” Wilmington, NC 2840
(910) 341-5500

“Dupont” SR 1426. P.O. Box 2042
Wilmington, NC 2840
Contact: Althea Haylett
(910) 371-4000

Note: There are no municipal solid waste landfills in the State of North Carolina that will accept oil laden waste (i.e. booms, straw, sponges, and other solid waste).

92110.1 Disposal Contacts

92110.11 Onsite Soil Remediation by Thermal Desorption

Soil Recovery, Inc. (910) 675-7872

Dedicated Soil Land farming Sites:

Oak Hill Farms, Sampson County (910) 531-3800

McGill Environmental, Sampson County	(910) 532-2539
Carlisle Farms, Sampson County	(910) 485-3207

92110.12 Soil Composting

McGill Environmental, Sampson County	(910) 532-2539
Cherokee Environmental, Sanford County	(910) 774-5317

92110.13 Soil Incineration

Cherokee Environmental, Sanford County (910) 774-5317

Long Term Staging of Contaminated Soil

Soil Recovery, Inc. (910) 675-7872

92110.2 Towing Companies

There are many small and large towing companies in the state of North Carolina.

Marine Towing & Salvage Co, MHC (919) 726-8107

MHC Towing (919) 726-1777

Cape Fear Towing (919) 762-3073

McAllister Towing (919) 762-2630

Sea Tow (919) 256-5780

East Coast Marine (919) 452-3798

Hanover Towing (919) 763-6274

For more listings of towing companies, refer to the appropriate county yellow pages or local Coast Guard Stations for contact numbers.

92120 Local Law Enforcement Agencies

All police departments are available through: State Emergency Operations Center		919-733-3942	
After hrs: State Warning Point		800-662-7956	
Atlantic Beach Police Department	252-726-4040	NC State Port Authority Morehead City	252-726-3158

92180.2 Air Stations having either FLIR or SLAR capabilities:

1. AIRSTA Elizabeth City, NC.
 Operation Officer: (919) 335-3941/6149

 Four (4) HC-130s - SLAR equipped.

 Three (3) HH-60s - capable to be FLIR equipped.

 One (1) Flir unit is available for the helicopters and/or C-130.

 Address: Commanding Officer
 USCG AIR STATION Elizabeth City
 Elizabeth City, NC 27909-5004

2. AIRSTA Cape Cod, MA.
 Operation Center (508) 968-6360
 Operations Duty Officer - 6410

 Four (4) HH-60s – capable to be FLIR equipped

 Four (4) HU-25s – capable to be SLAR equipped

 Address: Commanding Officer
 USCG Air Station Cape Cod
 Otis AFB, Ma 02542-5024

92180.3 Aircraft rentals available in the Wilmington area:

92180.31 Air Wilmington – Fixed Wing

Resources available:
 One (1) Cessna C-172 - Over flight use only.
 One (1) Piper Warrior - Over flight use only.
 Point of contact: Mr. Dave Gates
 Address: Air Wilmington
 P. O. Box 869
 Wilmington, NC 28402

92180.32 ISO AERO Service Inc, Wilmington - Fixed Wing (910)763-8898

Resources available:

Two (2) Cessna C-150 - Over flight use only.

Three (3) Cessna C-172 - Over flight use only.

One (1) Cessna C-172RG - Over flight use only.

One (1) Piper Lance - Over flight use only.

Point of contact: Mr. Kenneth A. Vojta

Address: ISO AERO
1410 North Kerr Ave.
Wilmington, NC 28405

92180.33 ISO AERO Service Inc. , Kinston - Fixed Wing (800)526-0285

Resources available:

Six (6) Cessna C-150- Over flight use only.

Three (3) Cessna C-172- Over flight use only.

One (1) Cessna C-172RG- Over flight use only.

Two (2) Piper Seminole- Over flight use only.

Two (2) Beechcraft Baron - Over flight use only.

One (1) King Air-Turboprop - Over flight use only.

Point of contact: Mr. Johnny Henley

Address: ISO AERO
P.O. Box 1294
Kinston, NC 28501

Resources available:

One (1) Bell Jet Ranger - Overflight use only.

Point of contact: Mr. Charles Lewis

Address: Greenwood Helicopters
P.O. Box 280
Washington, NC 27889

92180.35 U.S. Helicopters Inc. - Rotary Wing (704) 233-4254

Resources available:

Two (2) Bell Jet Ranger - Overflight use only.

One (1) Long Ranger - Overflight use only.

One (1) Hughes "500" - Overflight use only.

Point of contact: Mr. Wayne Schimtz

Address: U.S. Helicopters Inc.
P.O. Box 625
Marshville, NC 28103

92180.4 Aircraft available for use in dispersant application:

92180.41 Biegert Aviation - Fixed Wing (602) 796-2400

Resources available:

Six (6) DC-4, two (2) specifically equipped for dispersant application

Point of contact: Mr.

Address: Biegert Aviation
22022 S. Price Rd.
Chandler, AZ 85224

92180.42 Hawkis and Powers - Fixed Wing (307) 765-4482

Resources available:

One (1) C-130

Have a large amount of planes, but during the summer months these are usually occupied with forest fires.

Point of contact: Mr.

Address: Hawkis and Powers
P.O. Box 391
Greybull, WY 82426

92180.43 Conair Aviation, Ltd. - Fixed Wing (604) 853-1171

Resources available:

Ten (10) DC-6's, Six (6) spray systems available

one (1) King Aire, equipped with camera

one (1) Fokker F-17 w/spray obtainable

Point of contact: Mr.

Address: Conair Aviation, Ltd.
P.O. Box
British Columbia, Canada

92180.44 Oil Mop - Rotary Wing (504) 394-6110

Resources available:

one (1) Underslung gas powered Helicopter sprayer

Point of contact:

Address: Oil Mop
145 Keating Dr.
Bell Chase, LA 70037

92180.45 Airborne Support Inc - Rotary Wing (504) 851-6391

Resources available:

DC-3 - equipped with spray.

DC-4 - equipped with spray.

Point of contact: Mr. Howard Barker

Address: Airborne Support Inc
3626 Thunderbird Rd.
Houma-Terrebonne Airport
Houma, LA 70363

92180.5 Helicopters available for use in dispersant application:

92180.51 Evergreen Helicopters - Rotary Wing (503) 472-9361

Resources available:

Three (3) - Five (5) Helicopters, generally of varying makes.

Point of contact: Mr.

Address: Evergreen Helicopters
3850 Three Mile Lane
McMinnville, OR 97128

92180.52 Industrial Helicopters - Fixed Wing (318) 233-3357

Resources available:

Eight (8) Bell 206B

Four (4) Bell 206L

Seven (7) H-13, listed but not confirmed.

Point of contact:

Address: Industrial Helicopters
P.O. Box 90210
Lafayette, LA 70509

92180.53 LOOP, Inc. - Rotay - Wing (504) 368-5667

Resources available:

Must hire a Bell 212 to use Transland 220 gallon sprayer and has 60 drums Corexit 9527.

Point of contact: Mr. Tom McCauley

Address: LOOP, Inc.
One Seine Court
New Orleans, LA 70174

92180.6 Helicopters available for general use:

92180.61 ERA Helicopters - Rotary Wing (318) 478-6131

Resources available:

Thirteen (13) - Bell 412 Helicopters

One (1) - MBBI 105, 5 PAX Helicopter

Point of contact:

Address: ERA Helicopters
P.O. Box 6566
Lake Charles, LA 70606

92180.62 Petroleum Helicopters - Fixed Wing (318) 235-2452

Resources available:

Sixty-five (65) - Bell 206L

Three (3) - Bell 206L3

Seventeen (17) - EL-350

Thirty-four (34) - ELAS-365

Eleven (11) - Bell 212

Twenty (20) - Bell 412

Twenty-one (21) - S-76

Fifty-one (51) - Bell 206B

Point of contact:

Address: Petroleum Helicopters
P.O. Box 90808
Lafayette, LA 70509

92190 Wildlife Rehabilitation Groups

In an oil or hazardous materials spill, experienced, licensed personnel must perform field retrieval and deterrent activities for wildlife. These activities must be coordinated with the appropriate trustee(s). Inexperienced personnel attempting to handle impacted birds or other wildlife, including marine mammals, are putting themselves and the animals at extreme risk. Qualified wildlife responders will comply with all applicable laws and safety regulations. OSRO personnel and other spill response personnel should report impacted wildlife locations to the appropriate wildlife responder so that animal retrieval and care can be coordinated in a timely and safe manner.

The following licensed wildlife response organizations are recognized throughout the response community as having national and international experience in oiled wildlife response:

Organization	Location	Telephone	Responder	Advisor
Ecological Research & Development Group	Milton, Delaware	(302) 684-3373		X

International Bird Rescue Research Center	Berkeley, California	(510) 841-9086	X	
International Wildlife Research*	Galveston, Texas	(409) 740-4527	X	
Tri-State Bird Rescue & Research	Wilmington, Delaware	(302) 737-7241	X	

Table 4 – Wildlife Response Organizations

When an oil spill impacts wildlife, the State OSC shall immediately contact the NC Wildlife Resources Commission, Division of Wildlife. The Division of Wildlife Supervisor for Coastal Areas will dispatch the appropriate District Biologist to assess the impact on wildlife. The District Biologist may be contacted directly, when a minor spill occurs within his or her jurisdiction. The following Division of Wildlife personnel have responsibilities within the COTP Wilmington Zone:

Name	Title	Location	Phone #
Grady Barnes	Division of Wildlife Management (Section Manager)	Raleigh	(919) 733-7291
Earl Gillis	Supervisor of Coastal Areas	Pollocksville	(919) 224-1331
David Rowe	District 1 Biologist	Hertford County to Carteret County	(919) 221-4053
Bobby Maddrey	District 2 Biologist	Carteret County to New Hanover County	Office (919) 514-4738 Home (919) 637-5678
Thomas Padgett	District 4 Biologist	Brunswick County	(910) 588-4003
Tommy Hughes	Management Biologist		Office (919) 514-4738 Home (919) 638-4389

Table 5- Division of Wildlife Personnel

The District Biologist will conduct an initial assessment to determine the extent of impact. If there is an impact or a potential impact to wildlife, he will recommend to the State OSC representative (i.e., the Section Manager) that a wildlife rehabilitator be contracted.

A full overview of fish and wildlife protection options is given in the NC Coastal Area Wildlife Contingency Plan. (NCWPC)

[Wildlife Contingency PlanWcp1999.doc](#)

A listing of all wildlife rehabilitators with federal permits is available through the U.S. Fish and Wildlife Service (USFWS) representative to the Area Committee.

USFWS Representative (919) 856-4520

The North Carolina Wildlife Resources Commission (NCWRC) has a list of all rehabilitators that have state permits.

NCWRC Representative (919) 733-7291

Both the USFWS and the NCWRC shall be contacted for advice on the selection of rehabilitator(s).

The following is a partial list of wildlife rehabilitators who presently have both federal and state permits:

Name	Number
International Bird Rescue	(510) 841-9086
Tri-State Bird Rescue and Research, Inc.	(302) 737-7241
B.E.A.K.S. Inc.	(904) 251-2473
Chesapeake Bay Wildlife Sanctuary	(301) 390-7010
Joan Peluso, Hampstead	(910) 270-9633

Wildlife Depots have been identified as potential staging areas for rehabilitation centers. There are two in the state, i.e., the Holly Shelter and New Bern Wildlife Depots. Although these facilities are available, they have limited capabilities for treatment of large numbers of impacted wildlife.

Alternate recommended locations for wildlife rehabilitation centers are Army National Guard Armories and the North Carolina State Ports (NCSPA Wilmington and NCSPA Morehead City).

To access a State Port Authority facility, the State OSC should contact the Director of Operations of the NCSPA. In the event that he is unavailable, the local terminal managers at either Wilmington or Morehead City should be contacted directly.

Name	Phone #
NCSPA Director of Operations	(910) 815-6240
NCSPA Wilmington Terminal Manager	(910) 815-6238
NCSPA Morehead City Terminal Manager	(919) 726-3158

This site is the homepage of North Carolina's Department of Environment and Natural Resources. From this page you can get to homepages of specific Agencies within this department and telephone numbers.
