SET HURRICANE CONDITION YANKEE

Effective at 8:00 a.m. CDT, the U.S. Coast Guard Captain of the Port, Port Arthur has set **Port Condition YANKEE** for the ports of Beaumont, TX; Port Arthur, TX; Orange, TX; and Lake Charles, LA including all tributaries and connecting waterways. Gale force winds from **HURRICANE GUSTAV** are expected to make landfall along the coast of southeast Texas and western Louisiana **within 24 hours**. The following restrictions are in effect:

1. All cargo transfer operations must be completed before sustained winds reach 35 MPH.
2. All commercial vessels greater than 500 gross tons and seagoing tugs and barges greater than 200 gross tons intending to remain in port must immediately notify the Captain of the Port of their intentions and submit a Remaining In Port Checklist to the Captain of the Port for approval.
3. Vessels bound for any of these ports are advised to seek an alternate destination.

A guide entitled "Hurricane Information for the Maritime Industry" is available to assist in planning for hurricane season. Remaining In Port Checklists are available from the Vessel Traffic Service website at <http://www.uscg.mil/d8/vtspportarthur>, HOMEPORT (<http://homeport.uscg.mil>) or by calling the VTS Watch Supervisor at (409) 719-5070. Completed forms may be faxed to the VTS at (409) 719-5090 or e-mailed to vtspa_sup@msoportarthur.uscg.mil.

Vessels are advised to seek safe harbor in the northern reaches of the waterway. Survey places to moor or anchor to safely ride out a tropical storm or hurricane, and make available the necessary heavy weather mooring gear. **Vessels shall not moor in locations that impede the safe transit of vessels in the channel.** By regulation, vessels intending to moor at 33 CFR 105 facilities must have an agreed upon security arrangement with the facility prior to the vessels mooring.

Future Port Conditions cannot be predicted with any degree of certainty but, provided the storm remains on the projected course and speed, port stakeholders can expect the following progression of Port Conditions:

Port Condition	Status	Date	Time
WHISKEY	SET	29 AUG 08	2:00 P.M.
X-RAY	SET	30 AUG 08	12:00 P.M.
YANKEE	SET	31 AUG 08	8:00 A.M.
ZULU – Lake Charles, LA	Predicted	01 SEP 08	12:00 A.M.
ZULU – Beaumont, Port Arthur and Orange, TX	Predicted	01 SEP 08	6:00 A.M.
Arrival of Gale Force Winds	Predicted	01 SEP 08	P.M.

This notice will be posted on the **HOMEPORT** website <http://homeport.uscg.mil>. If you have any questions, please call MSU Port Arthur at (409) 723-6500.

J.J. PLUNKETT
Captain, U. S. Coast Guard
