REQUIRED ACTIONS
VTS HOUSTON-GALVESTON
NOTE: VTS Houston-Galveston may impose vessel movement restrictions. Contact the VTS Watch Supervisor at (281) 464-4837 prior to any vessel movement within the VTSA.
PORT OF FREEPORT (CG Use Below This Line)
<input type="checkbox"/> Special shifting restrictions apply while your vessel is in Freeport. Prior to vessel shifting within Freeport contact the duty MSU Port State Control officer at (281) 464-4855 / 4856.
<input type="checkbox"/> While in Freeport the following transit restrictions apply.
<input type="checkbox"/> Limited to daylight hours only.
<input type="checkbox"/> Vessel must have _____ tug escort(s) for duration of transit.
<input type="checkbox"/> Limited to visibility not less than _____ NM while approaching and within the Port of Freeport.

6a. Other (Specify):

Under the provisions of 33 CFR 164.55, the Captain of the Port of Houston-Galveston hereby acknowledges your request for deviation from the requirements of 33 CFR 164 for the equipment identified above. This deviation applies to one INBOUND or OUTBOUND voyage only, as indicated above, for the Captain of the Port Houston-Galveston Zone. Vessels which are granted an INBOUND deviation are not automatically granted an outbound deviation. The Captain of the Port expects the necessary repairs will occur prior to departing this zone. Departure may be delayed under Captain of the Port authority pursuant to 33 CFR 160.111 until the noted equipment has been repaired and the vessel is in compliance with 33 CFR 164. Please contact the above number when repairs have been made or when requesting an outbound deviation.
