Marine Safety Unit Port Arthur Phone System Degradation

The phone system at Marine Safety Unit Port Arthur is experiencing some problems that will take some time to correct. The problem affects voice mail recording and retrieval capabilities.

Until repairs can be completed we ask that you not leave voice mail messages, but call the central number at (409) 723-6500 and speak with the duty watchstander who will ensure your message is forwarded to the appropriate person. We will issue another MSIB when the system has been corrected.

This notice will be posted on the HOMEPORTR website <http://homeport.uscg.mil>. If you have any questions, please call MSU Port Arthur at (409) 723-6500.

Semper Paratus,
