Boat Resources
Unit resources are rotated from Station Calumet Harbor. Normally two RBS's are kept at Station (Small) Chicago during the boating season. One on the River side of the Chicago Locks and one on the Lake side for quicker response.

2010 Response Boat Plan
N/A

General description of AOR: Station Calumet Harbor's AOR is encompassed by a line from the shoreline at 087-14.0' W thence northwesterly along the shoreline to 41-54.0' N to 42-04.0' N, 087-00.0' W thence southeasterly to the point of origin. During the boating season Station (Small) Chicago will assume responsibility for the northern half of Calumet's AOR from Jackson Harbor to North Avenue.
