18 Oct 06

XO,

Sir, attached is the sailing list + 2 mods which applies to August 17th. The mods are minor (plus one and minus one) so the chain is easy to follow. Please see also the separately crafted .pdf file.

1LT, Nav,

Pls forward the Port / Starboard helo ops sections to XO, copy me and Admin. Seek input from Engineering Dept as necessary.

V/R,
Ops
408

OPS,

Please gather these materials and forward to me.

Subject: A couple more outstanding issues

XO,

Good morning Sir. A couple of outstanding issues:

1) Could you please have a pdf copy of the sailing roster that was in effect on the 17th of August emailed to me.

2) During the course of interviews it was noted that there were two watch sections for helo ops. Please have the rosters delineating the two sections sent to me as well.

Thanks.

V/R,

[REDACTED] LCDR
