 Subject: RE: AIM investigation question

Sir,

I was mainly just hanging around talking with friends. Around the time dive ops were going on, I was line handling for the Polar Bear Swim. As for alcoholic beverages, I had about 3 beers during that time.

DC1 [REDACTED]

Good morning. You may remember me - Captain [REDACTED] LCDR [REDACTED] and myself interviewed you shortly after the dive mishap. We are the AIM board assigned to look into the dive accident.

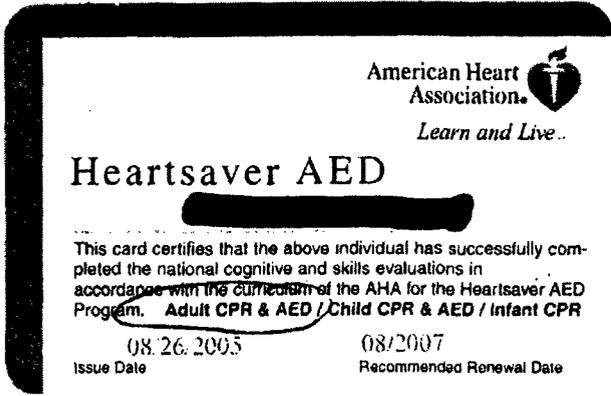

Presently we are drafting our report and one additional question arose. The accident occurred toward the conclusion of ice liberty. Please send me an email with a brief description of what you did during ice liberty including the number/type of alcoholic and nonalcoholic beverages you consumed.

I need a response today or tomorrow. Thanks in advance. The Board really appreciates your cooperation with this investigation.
