

Northrop RT-1 *Delta* "Golden Goose"

Additional Information:

The Coast Guard acquired a single RT-1 on 20 February 1935 as an executive transport for use of the Commandant as well as the Secretary of the Treasury. It was damaged in an accident in 1940 and was decommissioned that December and sold to a private company.

The Coast Guard initially gave the RT-1 the serial number 382, and after October 1936, changed it to V-150.
