

POINT WELLS, WPB 82343

Class history—The 82-foot patrol boats have mild steel hulls and aluminum superstructures. Longitudinally framed construction was used to save weight.

These boats were completed with a variety of power plants. 82301 through 82313, 82315 through 82317, and 82319 through 82331 were powered by two Cummins 600-hp diesels. Boats 82318 and 82332 through 82379 received two Cummins 800-hp diesels. The 82314 was fitted with two 1,000-hp gas turbines and controllable-pitch propellers. The purpose of this installation was to permit the service to evaluate the propulsion equipment. All units were eventually fitted with the 800-hp diesels. Units remaining in 1990 were re-equipped with Caterpillar diesels.

WPB 82301 through 82344 were commissioned without names; at that time the Coast Guard did not name patrol craft shorter than 100 feet. In January 1964 they were assigned names.

[Photograph](#)

Builder: Coast Guard Yard, Curtis Bay, MD

Commissioned: 20 November 1963

Decommissioned: 13 October 2000

Disposition: Transferred to Colombia on 13 October 2000

Length: 82'10" oa, 78' bp

Navigation Draft: 5'11" max (1960)

Beam: 17'7" max

Displacement: 69 fl; 60 light (1960)

Main Engines: 2 Cummins diesel (see class history)

BHP: 1,600

Performance, Maximum Sustained: 18.0 kts, 542-mi radius (1,600 hp, 1963)
Performance, Economic: 9.4 kts, 1,500-mi radius (1,600 hp, 1963)

Maximum Speed: 22.9 kts (1963)

Fuel Capacity: 1,840 gal

Complement: 8 men (1960), 2 officers, 8 men (1965)

Electronics:

Radar: SPN-11, CR-103 (1960), or SPS-64

Armament: 1 x 20mm (1960), 5 x .50 cal mg, 1 x 81 mm mortar (Vietnam service)

Ship's history:

The *Point Wells* was stationed at Montauk, NY. She was used for law enforcement and search and rescue operations. On 4 July 1967, she towed the disabled sloop *Waterloo* from 120 miles south of Montauk Point to New York. On 17 September 1968, she towed a disabled fishing vessel 35 miles southeast of Montauk Point to Greenport, NY. On 4 August 1969, she towed the disabled pleasure craft *Peggy II* 30 miles southwest of Montauk Point to safety. On 9 December 1986, she helped fight fire on F/V *Old Colony* off Montauk Point.

She was decommissioned on 13 October 2000.
