CG FOUNDATION SPOUSE GRANT NEEDS ASSESSMENT

The Coast Guard Foundation is considering an additional education grant that would be specifically to support spouses in pursuit of degrees.

This grant is in the very beginnings of consideration. That presents an opportunity for your members to weigh in on the grant particulars.

The Foundation is interested in assessing the need for such a grant. Please share the following seven questions with your shipmates and encourage them to give their opinions. Additionally, ask your shipmates to share the questions with their spouses. The questions in this bulletin are also on the Coast Guard Institute website to facilitate responses directly from spouses.

I'll stress this grant is not guaranteed to be funded. It is in the beginning stages of discussion. However, this needs assessment is an opportunity to make a difference, to perhaps improve future services for Coast Guard members and their spouses. Encourage your shipmates to reply.
