

**Pregnancy in the Coast Guard, COMDTINST M1000.9 (series)
Summary of Changes**

Change/ Date	Article	Change
	7.	Added advice for commands to contact opm/epm if an attached member's condition of pregnancy challenges their ability to meet mission.
	7.a.(3)(g).1.	This paragraph was reordered within section 5.a.3.g. but is otherwise unchanged.
	7.a.(3)(g).2.	Eliminated section about fetal hearing as it relates to rotary aircraft and provided a ref to Aviation Medical Manual. All information pertinent the impact of aircraft noise on pregnancy will be contained in the Aviation Medical Manual and eliminated from Pregnancy in the Coast Guard COMDTINST 1000.9 to eliminate duplicating this information and potentially providing incorrect or out of date guidance.
	7.b.(1)	Changed responsibility of policy determinations from CG-1221 to PSC per the request of PSC through the concurrent clearance process.
	7.d.(2)	Revised to clarify member and command responsibilities in regard to service women's choice to breastfeed.
