Subj: Unit Requests for Coast Guard Interpreters and Linguists

1. The Coast Guard Foreign Language Program, now in its second year, originally allocated 453 collateral duty interpreters to specific units around the country. Allocations were based on area input, geographic location and size. Interpreters must score at least a 2/2 on the defense language proficiency test (DLPT) and be designated as unit interpreters by their command. Interpreters receive 100 dollars per month in foreign language proficiency pay (FLPP).
2. CG-132 recently approved 132 additional requests for interpreter allocations. Below is a list of currently approved interpreter allocations. This list is also posted as a spreadsheet in CGCentral. Click on the learning tab, then the foreign language program channel, then the background and policy information button. Note: language is Spanish unless otherwise indicated.

Note 1: Sector San Juan may use these allocations anywhere within the sector. Department ID is 0007374.

Note 2: This is a change to the original authorization, which is posted in CGCentral. The allocation is no longer limited to D17 (dre). Department ID is 000100, which includes D17 and subdepartments.

3. Linguists are associated with specific billets which require regular, if not daily, usage of the foreign language. Linguists must score at least a 2 plus/2 plus on the DLPT. They receive 150 dollars per month in FLPP. Below is a list of currently approved linguist billets:

Note 3: Members in these billets can receive linguist FLPP if tested proficient in one of the following languages: Spanish, Russian, Vietnamese, Mandarin Chinese, Haitian-Creole, Arabic or Portuguese. Only one authorization per language.

Note 4: Linguist is desired but secondary to other program qualifications for foreign port liaison officers.

4. Special duty assignment pay (SDAP) - Previously members receiving SDAP were not eligible for foreign language proficiency pay (FLPP). Effective immediately, a member who is receiving SDAP, who qualifies as an interpreter or linguist, and who is designated a unit interpreter or is in a linguist billet, may receive FLPP concurrently, provided the members foreign language ability is not the basis for the SDAP award.

5. Unit readiness info - To find out how many interpreter-qualified members are at a unit that has been allocated interpreters, go to CGCentral and click on "units." Your unit is the default display. To view another unit, click on "(select units)," which is under "unit based." Fill in the search window with the name of the unit of your choice, then click on the search button. The unit you entered should appear hyperlinked. Click on the unit name, then click the training tab, then click on "accomplishments." You should see, for example, "foreign language pay-Spanish." Click on "percent filled" to view the names of interpreter-qualified members at the unit.

6. For information on the foreign language program, check out CGCentral. For questions regarding the foreign language program, contact the program manager, LCDR Michele Bouziane, by phone: 202-475-5486, or e-mail: michele.bouziane@uscg.mil.

7. Internet release is authorized.

8. RADM C. I. Pearson, Assistant Commandant for Human Resources, sends.
