HOW LONG WILL THIS TAKE? JUST GET 'ER DONE! with NO COSTS TO THE TAX PAYER!

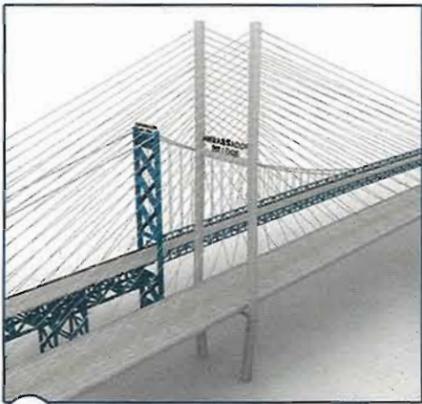

ADDITIONAL COMMENTS: WHAT IS THE CHEAPEST? WHAT IS THE SAFEST? HOW LONG WILL IT LAST.
1/3 of \$ FROM AMBASSADOR BRIDGE CO. 1/3 of \$ FROM CANADA? 1/3 of \$ FROM UNITED STATES OF AMERICA?
when will BOTH BRIDGES REACH their MAX? OF VEHICLE CROSSING CAP.

Keep SIMILAR COLOR as the ORIGINAL STRUCTURE! HAVE CABLES SHINE off the SUN. AS YOU APPROACH THE BRIDGE.
THANKS!

According to the presentation & answers to questions, this has been an open process with 4 previous meetings. This is ~~not~~ a lie because no notices were sent to the community surrounding the bridge until this summer. We don't want a twin span, especially owned by the DIBC. Until door to door outreach is conducted the process is invalid because the public hasn't had a chance to chime in. At most, 50% of the community received notices & it didn't seem there would be opportunity to dialogue but that the meeting would only address the ~~the~~ design of the bridges. The poor attendance bears this out.

ADDITIONAL COMMENTS:

The coast guard environmental assessment process has been inadequate in several ways including inadequate efforts to inform the community about public meetings and lack of consideration of homeland security issues. In addition there does not appear to be a way to mitigate the adverse visual impacts on the historic Ambassador Bridge when building a twin bridge right next to it.
