Mr. John L. Longstreth
K&L Gates LLP
1601 K Street, NW
Washington, DC 20006-1600

Dear Mr. Longstreth:

Further to Mr. Goward's letter of October 21, 2011, which denies in part the Lakes Pilots' Association's appeal of CG-552 determination of May 24, 2011, please find enclosed the breakdown of the companies that were inappropriately charged and the amount of those charges. The enclosed spreadsheets detail the charges to be reimbursed to industry for overbillings during the 2006 and 2007 navigation seasons for a total \$192,882.50.

In preparing these spreadsheets, my staff collected information from the actual source forms that were submitted. In some of the source forms, a general or local agency's name was transposed or there were variations in the name used. My staff has corrected any such discrepancies, and where there were variations, inserted the actual name as found in the latest Port of Montreal Directory or name used most frequently. We believe that all discrepancies have been resolved, but there may be that occasional case where you may have to refer to the original invoice to verify the appropriate party.

Lakes Pilots Association must repay industry according to standard accounting procedures within six months of this letter and provide this office with specific evidence of those payments so the reimbursements can be verified.

If you have any questions, please contact Mr. Paul Eulitt at Paul.W.Eulitt@uscg.mil or at 202-372-1537, or you can contact me at the above listed email or phone number.

Sincerely,

A handwritten signature in black ink that reads "Rajiv Khandpur".

RAJIV KHANDPUR
Chief, Office of Marine Transportation System (CG-552)
U.S. Coast Guard
By direction

Enclosure
