Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas we serve as an activity in support of your unit Educational Services Officer (ESO), you are encouraged to seek assistance from your local ESO in your academic endeavors. The following information is provided to help you understand what is presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary assessment of how your prior learning experiences might fit into the specified degree program for this academic institution. If you choose to pursue this degree option, you must present it to a college representative, who will review it for the following:

- o Accurate representation of the college's degree program requirements, including course numbers and titles, credit hours for each course, lower- and upper-level

course requirements, and the total number of credits needed for the degree.

- o Appropriate assignment of ACE Guide-recommended credit at the lower or upper level for military service schools and occupations, CLEP, DSST, and other tests, transfer credit for courses from other colleges and universities, certification programs, etc.

- o Appropriate assignment of SOC Course Category Codes from the SOC Handbook Transferability Tables. The SOC Degree Program Handbooks can be obtained from the SOC web site at: www.soc.aascu.org should you wish to learn more about the course transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program, please send the completed enrollment form (found on the college's web page) to the USCG Institute. The registrar will send the college or university an official USCG transcript, a copy of the degree plan (if one was developed through the USCG Institute and was identified on your transcript request), and a ready-for-signature SOC Student Agreement (when signed by a college official, becomes a contract for degree completion).

Credit for all courses you have taken must be reflected on official transcripts sent directly to this college from the administrative offices of the colleges you previously attended. This degree plan is often used for information purposes by college counselors pending receipt of the official transcripts from the source colleges.

This degree plan is not intended to compete with your local college or university. Keep in mind, you are allowed to transfer in a significant amount of the degree requirements to this institution. As such, credit from local colleges, college level examination programs, or advanced military training may be applied to this degree. You may also complete the courses necessary from this college either in residence (on campus or possibly on a military base at a campus extension in the Education Center) or through distance delivery of the courses. If you have questions, please contact the college counselor or your advisor listed at the bottom of this Degree Plan.

DEGREE PLAN LEGEND:

SH = Semester hours
 VOC = Vocational, not relative to an academic degree
 LL = Lower Level, i.e. courses at the Freshman/Sophomore level
 UL = Upper Level, i.e. courses at the Junior/Senior level
 GL = Graduate Level (sometimes recommended by ACE for very complex courses)
 [#] such as [EN024A] or [EN024B] = SOC Course Category Codes*
 {#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a consortium of over 1,600 accredited colleges and universities seeking to provide degree opportunities to the military. Over 170 of these institutions participate in network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard. A SOC course category number beside a course from one of these institutions, such as [EN024A] or [EN024B] for English Composition, indicates that courses from other

degree program institutions with the same code may be taken to satisfy the degree requirement. See the SOC Degree Programs Handbooks at <http://www.soc.aascu.org/>

** DANTES Academic Codes: The Defense Activity for Non-Traditional Education Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually, which lists more than 6,000 courses from dozens of regionally accredited colleges and universities. Because this is a degree from a SOC affiliated college, the academic residency requirements are limited, thereby allowing students to transfer in a significant portion of the degree, as mentioned above. If the course you desire to take is not offered by this institution when you want to take it, consider the opportunities the courses in the DISC present. For more information, visit http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm Keep in mind, you should always check with the counselor or academic advisor at this institution before enrolling in a course listed in the DISC to ensure it will be accepted in transfer toward this degree.

Columbia College (CC) General Information:

Columbia College is a private coeducational institution that offers associate, baccalaureate, and masters degrees that prepare students of differing backgrounds and abilities, for entry level or advanced positions in various occupations and professions. Founded in 1851 by charter of the Missouri legislature, and then named Christian Female College, the first college for women to be chartered by the state legislature west of the Mississippi River. It was founded as a nonsectarian baccalaureate institution for women. In response to the junior college movement, the College was accredited as a two-year institution in 1910. The College dropped the "Female" from its name in 1929 and adopted the new name of Columbia College in 1970, at which time the College also became coeducational and began planning for the turn to baccalaureate status. Accreditation at the baccalaureate level was granted in July 1973.

The College is accredited by the Higher Learning Commission of the North Central Association and holds specialized accreditation in its Education, Nursing, and Social Work programs. Students may enroll in either day or evening classes at the home campus in Columbia, Missouri or in its Extended Studies Division at one of its 31 locations around the country. Students may also enroll in the web-based distance education classes worldwide.

POLICY NOTES:

General Requirements:

- The maximum amount of college credit-by-examination or other forms of non-traditional credit that may apply to this degree (including military credit) is 60 semester hours.
- A minimum grade point average of 2.0.
- A minimum of 39 hours of upper division course work.
- A minimum of 24 hours of coursework for a baccalaureate degree must be taken from CC, with 12 hours of these being in the major (6 of which must be UL).
- A grade of "D" is NOT accepted in transfer

Additional credit for military service:

Columbia College awards the following credit in addition to that presented in the ACE Guides to servicemembers and veterans:

- For having completed Basic Military Training - 4 semester hours Lower Level Elective credit
- For servicemembers with less than one year in the military - 4 semester hours Lower Level Elective credit
- For servicemembers with more than one year in the military - 8 semester hours Lower Level Elective credit

- For servicemembers promoted to Warrant Officer - 8 semester hours Lower Level (for prior enlisted service) plus 8 semester hours Upper Level Elective credit
- For servicemembers promoted to Commissioned Officer - 8 semester hours Lower Level (for prior enlisted service) plus 12 semester hours Upper Level Elective credit

Note: This is credit awarded by institutional assessment and may not be accepted in transfer to other institutions.

This college is rated as one of the nation's best in U.S. News & World Report's "America's Best Colleges" issue.

This institution values non-traditional learning experiences and awards credit for college level examinations, military training and experiences, corporate and government training; thereby saving students a substantial amount of time and money. In fact, we project 51 hours of college credit for your non-traditional learning may be applied to this degree, thereby saving you 969 hours of classroom time, \$10,710.00 in tuition, and approximately \$1,122.00 in textbook and material costs.
