Dear Mr. Nichols:

In response to your letter of May 12, 2003, we have revised Special Permit 12-93R by adding Zinc Sulfate Monohydrate as an authorized commodity for transport by cargo vessel and unmanned covered barge. Although some changes have been made to the wording to accommodate the additional commodity, the transport provisions are the same as those previously contained in the original permit. The enclosed permit will expire on September 30, 2005.

If you have any further questions regarding this matter, please contact Mr. Brian Robinson of my staff at (202) 267-0018.

Sincerely,

E. P. PFERSICH  
Acting Chief, Hazardous Materials Standards Division  
By direction of the Commandant
