## REGISTRATION OF RESEARCH AND DEVELOPMENT PROJECTS

1 The Maritime Safety Committee, at its sixty-first session, instructed the Secretariat to invite Member Governments to provide the Organization with information on ongoing research and development projects. This was done by MSC/Circ.605.

2 The Committee, at its sixty-second session, approved the format of a summary table of research and development projects prepared by the Secretariat (MSC 62/WP.1, annex) and authorized dissemination of information on reported projects by means of MSC circulars on a quarterly basis.

3 During the second quarter of 1996 (1 April to 30 June 1996) no information on research and development projects was received by the Organization.
