

USCG Marine Safety Manual, Vol. II: Materiel Inspection  
**APPENDIX B: INDEX OF OFFICIAL POLICY LETTERS AND GUIDANCE**

## Official Policy Letters and Guidance

---

### **Indexes of Active Policy Letters and Other Official Guidance**

Many offices within CG Headquarters issue policy guidance and directives of either a temporary nature, or in advance of publication in the Marine Safety Manual (e.g., G-MOC issues MOC Policy Letters and the MSC issues Technical Notes). It is recommended that the index of those active documents are maintained in this section, following this cover page. For example, the 0-Series MOC Policy Letter Index would be kept in this appendix.
