Government working with government.

December 21, 2005

To: Bob Urban, GPC

Subj: RFQ, Contract 1435-04-05-PO-40691

This RFQ is to estimate and establish ceilings in the contract for the non-preventative maintenance portions of the effort, per the original SOW and the GPC Feb 4 2005 proposal. Support here will be executed on an as needed, occurrence basis. Contractor will utilize established contract pricing and rates in providing the COTR cost estimates for individual occurrences before proceeding with any work for non-preventative maintenance effort. Please provide a quote on or before Dec 28, 2005.

This will be for the Base Year, prorated Jan 1, 2006 – Feb 28, 2006 and all option years. Following are the areas of support as defined in the original SOW.

~~1008~~ ~~0007~~ **Casualty Repairs (CASREPS):** Supports repairs to all VOSS, SORS, and Strike Team environmental emergency response equipment. Annual estimate \$200K

~~1009~~ ~~0008~~ **Design/Installation of Equipment Engineering Modifications (MEPALTS):** Supports implementing modifications to all VOSS, SORS, and Strike Team environmental emergency response equipment. Annual estimate \$200K

~~1010~~ ~~0009~~ **Refurbishment (after use in an incident):** Supports up to three events, estimate \$25K per event, to bring emergency response equipment back to a operational ready-for-issue status subsequent to an actual response. Annual estimate \$75K

~~1011~~ ~~0010~~ **Configuration Management/Life Cycle Costs:** Supports development of maintenance repair card & operations manual / standard operating procedure regarding CG/DHS emergency response equipment. Annual estimate \$50K

~~1012~~ ~~0011~~ **Quality Assurance Support:** Support quality assurance / quality control effort during "new" emergency response equipment deliveries. Annual estimate \$50K

~~1013~~ ~~0012~~ **Technical Support to Coast Guard Strike Teams (beyond that performed during annual maintenance):** Supports providing up to 3 contractor personnel (mechanics) services for 4 weeks... based on cost estimate obtained (but not acted on) for Katrina disaster relief support. Annual estimate \$65K

~~1014~~ ~~0013~~ **Technical Support to Other Department of Homeland Security (DHS) Units:** Support material & labor costs associated with supporting emergency response equipment system owned/operated by other DHS units (agency-wide). Annual estimate \$200K
