

All PA's should accept the core list as checked.

Physician Assistant (N)

Core Privileges

Triage, establish working diagnosis, administer treatment, ensure case management and provide subsequent evaluations per accepted standards of medical practice in the following disciplines: internal medicine, family practice, surgery, ophthalmology, otolaryngology, dermatology, pediatrics, orthopedics, psychiatry, and obstetrics/gynecology

Orthopedics

| <u>Privilege(s)</u>                  | <u>Supported</u>                 | <u>Not Supported</u>  |
|--------------------------------------|----------------------------------|-----------------------|
| Bursitis                             | <input checked="" type="radio"/> | <input type="radio"/> |
| Tendonitis                           | <input checked="" type="radio"/> | <input type="radio"/> |
| Sprains                              | <input checked="" type="radio"/> | <input type="radio"/> |
| Strains                              | <input checked="" type="radio"/> | <input type="radio"/> |
| Joint trauma diseases                | <input checked="" type="radio"/> | <input type="radio"/> |
| Injection of musculo-tendonous units | <input checked="" type="radio"/> | <input type="radio"/> |
| Aspiration and injection of joints   | <input checked="" type="radio"/> | <input type="radio"/> |
| Back and neck pain                   | <input checked="" type="radio"/> | <input type="radio"/> |
| Fractures and dislocations           | <input checked="" type="radio"/> | <input type="radio"/> |

Pediatrics

| <u>Privilege(s)</u>   | <u>Supported</u>                 | <u>Not Supported</u>             |
|---|----------------------------------|----------------------------------|
| Well-child care   | <input checked="" type="radio"/> | <input type="radio"/>            |
| Developmental screening   | <input checked="" type="radio"/> | <input type="radio"/>            |
| School physicals  | <input checked="" type="radio"/> | <input type="radio"/>            |
| Acute and chronic illness greater than 2 months of age            | <input type="radio"/>            | <input checked="" type="radio"/> |
| Acute and chronic childhood illness                               | <input checked="" type="radio"/> | <input type="radio"/>            |
| Well-baby checks greater than 2 months of age                     | <input type="radio"/>            | <input checked="" type="radio"/> |
| Acute and chronic childhood illness (greater than 2 years of age) | <input checked="" type="radio"/> | <input type="radio"/>            |
| Well-child care (greater than 2 years of age)                     | <input checked="" type="radio"/> | <input type="radio"/>            |

Dermatology

| <u>Privilege(s)</u>                      | <u>Supported</u>                 | <u>Not Supported</u>  |
|--|----------------------------------|-----------------------|
| Acne                                     | <input checked="" type="radio"/> | <input type="radio"/> |
| Fungal and yeast infections              | <input checked="" type="radio"/> | <input type="radio"/> |
| Veruccae                                 | <input checked="" type="radio"/> | <input type="radio"/> |
| Evaluation of nevi                       | <input checked="" type="radio"/> | <input type="radio"/> |
| Dermatitis                               | <input checked="" type="radio"/> | <input type="radio"/> |
| Exanthems and enanthems                  | <input checked="" type="radio"/> | <input type="radio"/> |
| Parasitic infestation                    | <input checked="" type="radio"/> | <input type="radio"/> |
| Eczema                                   | <input checked="" type="radio"/> | <input type="radio"/> |
| Burns, superficial and partial thickness | <input checked="" type="radio"/> | <input type="radio"/> |

 **Gynecology**

| <u>Privilege(s)</u>   | <u>Supported</u>                 | <u>Not Supported</u>  |
|---|----------------------------------|-----------------------|
|  Routine well-woman care         | <input checked="" type="radio"/> | <input type="radio"/> |
|  Contraception                   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Vaginitis                       | <input checked="" type="radio"/> | <input type="radio"/> |
|  Dysfunctional uterine bleeding  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Pelvic pain                     | <input checked="" type="radio"/> | <input type="radio"/> |
|  Routine breast and pelvic exams | <input checked="" type="radio"/> | <input type="radio"/> |
|  Pelvic inflammatory disease     | <input checked="" type="radio"/> | <input type="radio"/> |

 **Otolaryngology**

| <u>Privilege(s)</u>  | <u>Supported</u>                 | <u>Not Supported</u>  |
|--|----------------------------------|-----------------------|
|  Labyrinthitis            | <input checked="" type="radio"/> | <input type="radio"/> |
|  Pharyngitis              | <input checked="" type="radio"/> | <input type="radio"/> |
|  Rhinitis                 | <input checked="" type="radio"/> | <input type="radio"/> |
|  Cerumenosis              | <input checked="" type="radio"/> | <input type="radio"/> |
|  Sinusitis                | <input checked="" type="radio"/> | <input type="radio"/> |
|  Otitis externa and media | <input checked="" type="radio"/> | <input type="radio"/> |

 **Medicine and Family Practice**

| <u>Privilege(s)</u>   | <u>Supported</u>                 | <u>Not Supported</u>  |
|---|----------------------------------|-----------------------|
|  Hypertension                  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Pneumonia                     | <input checked="" type="radio"/> | <input type="radio"/> |
|  Bronchitis                    | <input checked="" type="radio"/> | <input type="radio"/> |
|  Asthma                        | <input checked="" type="radio"/> | <input type="radio"/> |
|  Cystitis                      | <input checked="" type="radio"/> | <input type="radio"/> |
|  Prostatitis                   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Urethritis                    | <input checked="" type="radio"/> | <input type="radio"/> |
|  Epididymitis                  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Anemia                        | <input checked="" type="radio"/> | <input type="radio"/> |
|  Gastrointestinal illness      | <input checked="" type="radio"/> | <input type="radio"/> |
|  Viral/bacterial infections    | <input checked="" type="radio"/> | <input type="radio"/> |
|  Sexually-transmitted diseases | <input checked="" type="radio"/> | <input type="radio"/> |
|  Urinary stones                | <input checked="" type="radio"/> | <input type="radio"/> |
|  Arthritis                     | <input checked="" type="radio"/> | <input type="radio"/> |

 **Psychology/Counseling**

| <u>Privilege(s)</u> | <u>Supported</u> | <u>Not Supported</u> |
|---------------------|------------------|----------------------|
|---------------------|------------------|----------------------|

|   |                                  |                       |
|---|----------------------------------|-----------------------|
|  Crisis intervention counseling             | <input checked="" type="radio"/> | <input type="radio"/> |
|  Family and marital counseling             | <input checked="" type="radio"/> | <input type="radio"/> |
|  Diagnosis and referral of substance abuse | <input checked="" type="radio"/> | <input type="radio"/> |

  Ophthalmology

| <u>Privilege(s)</u>   | <u>Supported</u>                 | <u>Not Supported</u>  |
|---|----------------------------------|-----------------------|
|  Hordeolum                         | <input checked="" type="radio"/> | <input type="radio"/> |
|  Chalazion                         | <input checked="" type="radio"/> | <input type="radio"/> |
|  Conjunctivitis                    | <input checked="" type="radio"/> | <input type="radio"/> |
|  Corneal foreign body and abrasion | <input checked="" type="radio"/> | <input type="radio"/> |

  Miscellaneous

| <u>Privilege(s)</u>  | <u>Supported</u>                 | <u>Not Supported</u>  |
|--|----------------------------------|-----------------------|
|  Physical examinations  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Interpretation of pertinent laboratory, electrocardiographic, radiographic, and other diagnostic studies (e.g., audiograms) needed for management of the patient | <input checked="" type="radio"/> | <input type="radio"/> |
|  Evaluation and treatment of patients with temperature-related injuries   | <input checked="" type="radio"/> | <input type="radio"/> |

  Procedures

| <u>Privilege(s)</u>  | <u>Supported</u>                 | <u>Not Supported</u>  |
|--|----------------------------------|-----------------------|
|  Removal of foreign body  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Excision of cyst   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Suture of simple laceration  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Skin or subcutaneous excisional biopsy   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Apply and change dressings and bandages  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Peripheral venous infusion   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Suture closure, one layer  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Indirect laryngoscopy  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Administration of intradermal, intramuscular, and intravenous medications  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Fluorescein staining   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Splinting and stabilizing spine or extremity injuries  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Control of external hemorrhage   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Visual acuity testing  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Operation of Armed Forces Vision Tester  | <input checked="" type="radio"/> | <input type="radio"/> |
|  Anoscopy   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Animal bites treatment   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Casting for the purpose of immobilizing and setting of fractures   | <input checked="" type="radio"/> | <input type="radio"/> |
|  Assess and stabilize patients who have emergent life-threatening problems for immediate referral and transfer to the appropriate physician | <input checked="" type="radio"/> | <input type="radio"/> |
|  Evacuation of thrombosed hemorrhoids   | <input checked="" type="radio"/> | <input type="radio"/> |

|   |                                  |                       |
|---|----------------------------------|-----------------------|
| Peripheral venipuncture   | <input checked="" type="radio"/> | <input type="radio"/> |
| Irrigation of the eye, ear, and wounds  | <input checked="" type="radio"/> | <input type="radio"/> |
| Tonometry and tonography  | <input checked="" type="radio"/> | <input type="radio"/> |
| Local infiltration anesthesia   | <input checked="" type="radio"/> | <input type="radio"/> |
| Bladder catheterization   | <input checked="" type="radio"/> | <input type="radio"/> |
| Color vision testing  | <input checked="" type="radio"/> | <input type="radio"/> |
| Consultation or referral with appropriate physician, specialty clinic, or other health care resource as needed                              | <input checked="" type="radio"/> | <input type="radio"/> |
| Prescribe all medicine, controlled substances (including Schedule II through V), and therapy regimens required within the scope of practice | <input checked="" type="radio"/> | <input type="radio"/> |
| Incision and drainage of abscess  | <input checked="" type="radio"/> | <input type="radio"/> |

Supplemental Privileges

All PA's should select OMSEP and Suturing Privileges.  
Only APA's should select Aviation specific privileges.

| Privilege(s)   | Supported                        | Not Supported                    |
|--|----------------------------------|----------------------------------|
| Occupational and medical surveillance program physical examinations for workers engaged in hazardous occupations per Navy Occupational Health and Safety Program, the Occupational Safety and Health Administration and Navy occupational medicine instructions and directives | <input checked="" type="radio"/> | <input type="radio"/>            |
| Well-baby checks less than 2 months of age   | <input type="radio"/>            | <input checked="" type="radio"/> |
| Acute illness less than 2 months of age  | <input type="radio"/>            | <input checked="" type="radio"/> |
| Flexible sigmoidoscopy   | <input type="radio"/>            | <input checked="" type="radio"/> |
| Colposcopy   | <input type="radio"/>            | <input checked="" type="radio"/> |
| Vasectomy  | <input type="radio"/>            | <input checked="" type="radio"/> |
| Suture closure, double layer   | <input checked="" type="radio"/> | <input type="radio"/>            |
| Uncomplicated pregnancy management   | <input type="radio"/>            | <input checked="" type="radio"/> |
| Insertion and removal of intrauterine devices and Norplant   | <input type="radio"/>            | <input checked="" type="radio"/> |
| Aviation physical examination  | <input type="radio"/>            | <input checked="" type="radio"/> |
| Aviation Evaluation Board  | <input type="radio"/>            | <input checked="" type="radio"/> |
| Aviation Adaptability Evaluations  | <input type="radio"/>            | <input checked="" type="radio"/> |
| Preventive aeromedical programs within aviation squadrons, carrier air groups and aviation wings   | <input type="radio"/>            | <input checked="" type="radio"/> |
| Management of departments performing comprehensive aviation physical examinations  | <input type="radio"/>            | <input checked="" type="radio"/> |

APA's should select the Supported in this section.
