Welcome to the MHS Learn Military Health System Learning Portal

The Military Health System Learning Portal has expanded to embrace the multifaceted nature of the Military Health System. Within this learning portal you will find links, resources and training materials spanning all branches of service, as well as Veterans Affairs and Beneficiary Patient population specific content.

MHS Learn Staff training remains the same. Staff members can click here, [MHS Staff Training](#), or the heading above, and click on the heading above to access HIPAA, AHLTA, CHCS, and other assigned training.

Take a moment to access the other headings above and explore the site.

The Military Health System Learning Portal is your world-class site for online and blended training. The Learning Portal is a centralized, web-based training platform providing the military medical workforce and beneficiary population with a single source for managing, delivering and tracking all medically-related learning. You can attend courses in a virtual setting, participate in online training and as patients everyone can obtain health related training.

MHS Learn and the Military Health System Learning Portal supports shared and blended training to accomplish many of your specific training goals and objectives.
