Re: Claim Number 912092-0001

Dear Mr. Byers:

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act (OPA) (33 U.S.C. 2701 et seq.), has determined that \$14,250.32 is full compensation for OPA claim number 912092-0001.

This determination is based on an analysis of the information submitted. Please see the attached determination for further details regarding the rationale for this decision.

If you accept this determination, please sign the enclosed Acceptance/Release Form where indicated and return to the above address.

If we do not receive the signed original Acceptance/Release Form within 60 days of the date of this letter, the determination is void. If the determination is accepted, an original signature and a valid tax identification number (EIN or SSN) are required for payment.

If you have any questions or would like to discuss the matter, you may contact me at the above address or by phone at 1-800-280-7118.

Sincerely,

[REDACTED]
Cynthia E. Oliver

Claim Number: 912092-0001	Claimant Name: State of Washington
---------------------------	------------------------------------

I, the undersigned, ACCEPT this settlement offer of \$14,250.32 as full and final compensation for the removal costs arising from the specific claim number identified above.

This settlement represents full and final release and satisfaction of the amounts paid from the Oil Spill Liability Trust Fund under the Oil Pollution Act of 1990 for this claim. I hereby assign, transfer, and subrogate to the United States all rights, claims, interest and rights of action, that I may have against any party, person, firm or corporation that may be liable for the amounts paid for which I have been compensated under this claim. I authorize the United States to sue, compromise or settle in my name and the United States fully substituted for me and subrogated to all of my rights arising from and associated with those amounts paid for which I am compensated for with this settlement offer. I warrant that no legal action has been brought regarding this matter and no settlement has been or will be made by me or any person on my behalf with any other party for amounts paid which is the subject of this claim against the Oil Spill Liability Trust Fund (Fund).

This settlement is not an admission of liability by any party.

I, the undersigned, agree that, upon acceptance of any compensation from the Fund, I will cooperate fully with the United States in any claim and/or action by the United States against any person or party to recover the compensation. The cooperation shall include, but is not limited to, immediately reimbursing the Fund for any compensation received from any other source for those amounts paid for which the Fund has provided compensation, by providing any documentation, evidence, testimony, and other support, as may be necessary for the United States to recover from any other person or party.

I, the undersigned, certify that to the best of my knowledge and belief the information contained in this claim represents all material facts and is true. I understand that misrepresentation of facts is subject to prosecution under federal law (including, but not limited to 18 U.S.C. §§ 287 and 1001).

CLAIM SUMMARY / DETERMINATION FORM

Claim Number	: 912092-0001
Claimant	: State of Washington
Type of Claimant	: State
Type of Claim	: Removal Costs
Claim Manager	: Cynthia E Oliver
Amount Requested	: \$14,250.32

FACTS:

Oil Spill Incident: On October 21, 2009, the State of Washington Department of Ecology responded to a residential home heating oil tank spill at 5227 N Winnifred Street in Ruston, WA.¹ Upon arrival at the scene, it was discovered that red-dyed diesel fuel had spilled from piping located underneath the residential structure. The fuel migrated to the street and down a storm drain that discharged into an outfall to Commencement Bay.² Approximately 190 gallons of fuel spilled from the tank.

The National Pollution Funds Center (NPFC) issued a RP Notification letter to the Responsible Party via certified mail on October 1, 2012.

Description of Removal Actions: The owner of the property and Responsible Party, Mr. Harold (Ed) Algeo, was contacted by the Department of Ecology to advise him of the spill and of his responsibilities for cleanup. Due to the urgency to mitigate and clean up the spill, the Department of Ecology hired NRC Environmental Services to handle the cleanup.³ Hard boom was deployed at the outfall and the property's drainage system was cleared of fuel.⁴ Additional sorbents and pads were deployed on the property, the adjacent sidewalk and other areas in the vicinity of the spill in order to prevent the spread of fuel. A 4' x 8' interception ditch was dug from the residential structure to the sidewalk, and a 20' section of sidewalk was removed to facilitate collection of spilled fuel.⁵ A total of approximately 175 gallons of fuel were removed.

The Claim: State of Washington Department of Ecology presented a removal cost claim to the National Pollution Funds Center (NPFC) in the amount of \$14,250.32 for their uncompensated removal costs.

The claim consists of the OSLTF Claim Form, invoice summary sheet, contractor invoicing, contractor proof of payment, contractor rate schedule, incident report, scene photographs, and copies of disposal manifests:

APPLICABLE LAW:

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan". 33 USC § 2702(b)(1)(B).

¹ See, OSLTF Claim Form, dated 10 September 2012.

² *Ibid.*

³ *Ibid.*

⁴ *Ibid.*

⁵ *Ibid.*

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil".

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident".

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, "a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC."

Under 33 CFR 136.205 "the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC." [Emphasis added].

DETERMINATION OF LOSS:

Overview:

1. FOSC coordination was made by Sector Seattle via Petty Officer Hutchinson of US Coast Guard Sector Seattle.
2. The incident involved the discharge of "oil" as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.

3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. The claim was submitted within the six year statute of limitations. 33 U.S.C. § 2712(h)(2)
5. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205.

Analysis:

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable "removal actions" under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, to be consistent with the NCP or directed by the FOSC, and (4) whether the costs were adequately documented and reasonable.

The NPFC performed independent research into the incident and relied on some of the information to make its determination of compensability for the costs presented.

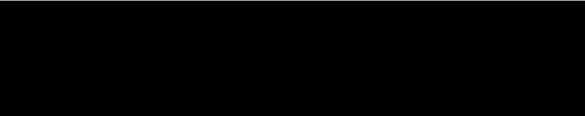

The Claimant billed personnel time in the amount of \$1,656.48 from October 21-23 and 27, 2009, and personnel travel costs in the amount of \$92.00. Contractor equipment and materials expenses in the amount of \$12,501.84, which includes disposal costs in the amount of \$799.60, and sales tax in the amount of \$1,063.74 were also billed. The NPFC confirmed the presence of the Claimant throughout the incident response and activities.

On that basis, the Claims Manager hereby determines that the Claimant did in fact incur \$14,250.32 of uncompensated removal costs and that that amount is payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim #912092-0001.

The Claimant states that all costs claimed are for uncompensated removal costs incurred by the Claimant for this incident. The Claimant represents that all costs paid by the Claimant are compensable removal costs, payable by the OSLTF as presented by the Claimant.

Determined Amount:

The NPFC hereby determines that the OSLTF will pay \$14,250.32 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 912092-0001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimant.
