Mr. Nathaniel Rodgers

Re: Claim Number: N10036-1985

Dear Mr. Rodgers,

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act of 1990, 33 U.S.C. § 2701 et seq. (OPA) and the associated regulations at 33 C.F.R. Part 136, denies payment on the claim number N10036-1985 involving the Deepwater Horizon oil spill. Please see the attached Claim Summary/Determination Form for further explanation.

You may make a written request for reconsideration of this claim. The reconsideration must be received by the NPFC within 60 days of the date of this letter and must include the factual or legal basis of the request for reconsideration, providing any additional support for the claim. However, if you find that you will be unable to gather particular information within the time period, you may include a request for an extension of time for a specified duration with your reconsideration request.

Reconsideration of the denial will be based upon the information provided. A claim may be reconsidered only once. Disposition of that reconsideration in writing will constitute final agency action. Failure of the NPFC to issue a written decision within 90 days after receipt of a timely request for reconsideration shall, at the option of the claimant, be deemed final agency action. All correspondence should include claim number N10036-1985.

Mail reconsideration requests to:

CLAIM SUMMARY/DETERMINATION FORM

Claim Number	N10036-1985
Claimant	Nathaniel Rodgers
Type of Claimant	Private (US)
Type of Claim	Loss of Profits or Impairment of Earning Capacity
Amount Requested	\$30,000.00

FACTS

On or about 20 April 2010, the Mobile Offshore Drilling Unit Deepwater Horizon (Deepwater Horizon) exploded and sank in the Gulf of Mexico. As a result of the explosion and sinking, oil discharged. The Coast Guard designated the source of the discharge and identified BP as a responsible party (RP). BP accepted the designation and advertised its OPA claims process. On 23 August 2010, the Gulf Coast Claims Facility (GCCF) began accepting and adjudicating certain individual and business claims on behalf of BP.

On 08 March 2012, the United States District Court, Eastern District of Louisiana issued a "Transition Order" (TO) limiting the GCCF's ability to accept, process, or pay claims except as provided in that order. The TO created a Transition Process (TP) to facilitate the transition of the claims process from the GCCF to a proposed Court Supervised Settlement Program (CSSP). The Court granted Preliminary Approval of the proposed settlement agreement on 02 May 2012, and the CSSP began processing claims on 04 June 2012.

CLAIM AND CLAIMANT

On 22 August 2013, Mr. Nathaniel Rodgers ("the Claimant") submitted a claim to the Oil Spill Liability Trust Fund (OSLTF) seeking \$30,000.00 in loss of profits or impairment of earning capacity damages allegedly resulting from the Deepwater Horizon oil spill.¹

At the time of the oil spill, the Claimant states he was working for Northrop Grumman as a shipbuilder. As a result of the spill, "shipbuilding was afraid to work in [the] water... causing a lack of work." Without work, the Claimant states he lost overtime pay and regular time pay and that this forced him to leave the shipyard to find work.² Though he was able to find a position immediately after Northrop Grumman, the Claimant states he lost additional income because he had to take a pay cut.³

APPLICABLE LAW

Under the Oil Pollution Act of 1990 (OPA), at 33 U.S.C. § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into or upon the navigable water, adjoining shorelines, or the exclusive economic zone of the United States, as described in § 2702(b) of OPA.

¹ Optional OSLF Claim Form, 20 August 2013.

² Optional OSLF Claim Form, 20 August 2013.

³ Claim Cover Letter, 20 August 2013.

The OSLTF is available to pay claims for uncompensated damages pursuant to 33 U.S.C. § 2712(a)(4) and § 2713 and the OSLTF claims adjudication regulations at 33 C.F.R. Part 136. One type of damages available pursuant to 33 C.F.R. § 136.231 is a claim for loss of profits or impairment of earning capacity due to injury to or destruction of natural resources.

Under 33 C.F.R. § 136.233 a claimant must establish the following:

- (a) That real or personal property or natural resources have been injured, destroyed, or lost;
- (b) That the claimant's income was reduced as a consequence of injury to, destruction of, or loss of property or natural resources, and the amount of that reduction;
- (c) The amount of the claimant's profits or earnings in comparable periods and during the period when the claimed loss or impairment was suffered, as established by income tax returns, financial statements, and similar documents. In addition, comparative figures for profits or earnings for the same or similar activities outside of the area affected by the incident also must be established; and
- (d) Whether alternative employment or business was available and undertaken and, if so, the amount of income received. All income that a claimant received as a result of the incident must be clearly indicated and any saved overhead and other normal expenses not incurred as a result of the incident must be established.

Under 33 C.F.R. § 136.105(a) and § 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 C.F.R. § 136.235, the amount of compensation allowable for a claim involving loss of profits or impairment of earning capacity is limited to the actual net reduction or loss of earnings or profits suffered. Calculations for net reductions or losses must clearly reflect adjustments for—

- (a) All income resulting from the incident;
- (b) All income from alternative employment or business undertaken;
- (c) Potential income from alternative employment or business not undertaken, but reasonably available;
- (d) Any saved overhead or normal expenses not incurred as a result of the incident; and
- (e) State, local, and Federal taxes.

Under 33 U.S.C. § 2712(f), payment of any claim or obligation by the Fund under OPA shall be subject to the United States Government acquiring, by subrogation, all rights of the claimant or State to recover from the responsible party.

The Claimant alleged that this claim was first presented to the Responsible Party and that the RP denied payment on this claim.⁴ On 20 August 2013, the Claimant presented this claim to the NPFC, seeking \$30,000.00 in loss of profits or impairment of earning capacity. The NPFC will adjudicate the claim to the extent presentment requirements have been satisfied. If any damages subject of this claim were not first presented to and denied by the RP, these damages are denied for improper presentment.⁵

Evidence in this claim submission indicates that the Claimant is a member of the Deepwater Horizon Economic and Property Damage Class Action Settlement (E&PD Settlement).⁶

NPFC Determination

Under 33 U.S.C. § 2702(b)(2)(E) and 33 C.F.R. Part 136, a claimant must prove that any loss of income was due to injury, destruction or loss of real or personal property or of a natural resource as a result of a discharge or substantial threat of a discharge of oil. Under 33 C.F.R. § 136.105(a) and § 136.105(e)(6), the claimant bears the burden of providing all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

As an initial matter, it appears that the Claimant is a member of the E&PD Settlement Class. This claim is therefore considered to have been settled, and the Claimant is ineligible to recover funds from the OSLTF. According to OPA, the payment of any claim by the NPFC is subject to the NPFC's ability to obtain, by subrogation, the rights to recover all costs and damages from the

⁴ Optional OSLTF Claim Form, 20 August 2013.

⁵ 33 C.F.R. § 136.103(c)(2).

⁶ At the time of the spill, the Claimant was living within the economic settlement loss zones.

responsible party. If a claim has been settled, the claimant no longer has rights to the claim and therefore cannot subrogate the NPFC to those rights.

Furthermore, even if the Claimant was not included in the Settlement, this claim is also denied on its merits. In order to prove a claim for loss of profits or impairment of earning capacity damages, a claimant must provide evidence sufficient to prove (1) that the claimant sustained a loss or reduction in income, and (2) that the loss was caused by damage to real or personal property or natural resources caused by the discharge of oil during the Deepwater Horizon oil spill.

The Claimant alleged that the oil spill caused a reduction in work and hours that led to his leaving Northrop Grumman to seek employment elsewhere. He also alleges that, though he found work shortly after, he lost profits because he took a pay cut with his new job. However, the Claimant has not presented evidence to show that his lack of hours and overtime was due to the oil spill itself. The payroll report submitted with the claim shows he was on a temporary hire, that he was terminated and that his pay from his first paycheck on 21 September 2008 (the first after his 15 September 2008 start date) until his last on 30 January 2011 remained consistent throughout. The Claimant states that he lost the ability to work overtime hours but again, according to the payroll report, it appears that his overtime hours remained consistent throughout his employment history with Northrop Grumman. Additionally, the Claimant did not include details into why he only made \$9,188.16 in 2011 for Con-Way Enterprises, nor what he was hired to do. Based on the evidence presented, the Claimant has failed to show causation between the oil spill and his change in employment.

Based on the foregoing, this claim is denied because the Claimant has failed to provide evidence sufficient to prove (1) that he sustained a financial loss in the amount of \$30,000.00, or (2) that the alleged loss is due to the injury, destruction, or loss of property or natural resources as a result of a discharge or substantial threat of discharge of oil. Additionally, this claim is considered to have been [REDACTED] belonging to the E&PD Settlement.
