

To the crew of the USCG Cutter Midgett:

I would like to personally thank all of you for what you do and I honor your courage, dedication, and sacrifice you give for our country. You are cherished and to be awed by your acts of selflessness. My prayers are with all of you. You are a special group of people. I thank God for all of you. The sacrifices you make to make this world a better place are not forgotten by me. Thank you all for serving our country.

To my son EM2 Mathew Reed:

When loneliness comes and hard long days cause you to question, remember we are all grateful. Thanks to you and the rest of the crew who care enough to stand by commitment to serve this country. May today and the holidays there be peace within. May you trust God that you are exactly where you are meant to be. I love and miss you, Mat. Love, Mom.
