## Viewing Contract Data

**Purpose** This section describes the Contract Data page.

**Accessing Contract Data** Select menu items in the following order:

[Enterprise Menu/Direct Access Content](#) > [Administer Workforce](#) > [Administer Workforce \(GBL\)](#) > [Use](#) > **Contract Data**

- Enter the Employee ID number and click the Search button

When choosing a member from the search results, please be sure you are choosing the person you actually want to view data on. Verify the employee ID or national ID before making any proceeding. The search will select the member's uniformed employee classification.

**Data Fields** **Contract Status/Content tab –**

Field	Entry
Contract Number	Should be prefilled with the contract number. It will be “0001” for contracts loaded during the initial data load.
Contract Begin Date	Should be prefilled with the date the member’s current enlistment or reenlistment begins.
Contract End Date	Blank.
Comment	Remarks
Active Duty Term	Number of years of Active Duty required under this contract
Selective Reserve Term	Number of years of SELRES (drilling) required under this contract
Inactive Ready Reserve Term	Number of years IRR required under this contract.

## Reenlistment Contract (L62C)

---

**Introduction** This section provides the procedure for processing a member's reenlistment.

---

**Limitation** This procedure can only be used if there has been no break in service. Members with a break in service of more than 24 hours will need to be processed under [Accessions](#).

---

**Information you need to know about this transaction** This transaction requires approval by user with the CGHRSUP role (SPO Supervisor/PAO).

Prior to entering a Reenlistment the member must:

- Be a U.S. citizen, as documented by the member's [Citizenship Status Changes](#) page. **You will not be able to save the contract data if the member is not a U.S. citizen** - check the status first!
  - Meet the reenlistment criteria specified in Article 1.A.5 (regular) or 1.A.7 (reserve), [Enlisted Accessions, Evaluations, and Advancements, COMDTINST M1000.2](#) (series)
  - Be recommended by the Commanding Officer for reenlistment by having a Career Intentions Worksheet (CG-2045) favorably endorsed.
  - Not be in receipt of retirement orders (applies to active duty enlisted members only). The only exception is for members who need additional obligated service to carry them over to their approved retirement date, and are ineligible to extend their enlistment to obtain this additional obligated service, (i.e., they've already extended for the maximum period allowable).
- 

**JUMPS Effect** The Reenlistment Contract transaction (L62B) updates the following in JUMPS:

- Updates contract data information in Direct-Access.
  - Sets fixed data fields on segment 00 of the pay file in JUMPS.
  - Updates segments 43 and 62 (if member is selling leave) of the pay file in JUMPS.
  - Updates segment 75 of the pay file in JUMPS.
-

## Reenlistment Contract (L62C), Continued

---

**Corrections and Deletions**

Reenlistment contracts may be deleted if the transaction has not been approved by the SPO supervisor (CGHRSUP Role User). Press the Delete Row button  to delete a contract with an approval status of "Pending".

The SPO cannot make Corrections to or Delete a Reenlistment Contract transaction after it has been **approved** and saved. If the Reenlistment Contract has been approved and saved and any information on the transaction is incorrect, contact [PPC Customer Care](#). If the contract has not been executed (e.g. Signed by the member and oath administered), PPC can delete the contract and the member's the Contract Expected End Date, Expected Loss Date and Expected AD Term Date will all be reset to what they were prior to the reenlistment. Changes to executed contracts require approval by Commander, Coast Guard Personnel Service Center (epm/rpm).

---

**Printing Contracts**

See the DD-4/Agreement to Extend/Reenlist report to generate a printable version of the reenlistment contract.

Note: Not all fields on DD form 4/1 are applicable to reenlistments. Blocks 7a & 7b are not required. Handwrite "N/R" or "Not Required" in any blank fields.

---

**Data Entry Procedure (Approval Procedure Follows)**

Start Internet Explorer, sign into Direct-Access and follow these steps to complete this procedure.

---

## Reenlistment Contract (L62C), Continued

---

Data Entry Procedure (Approval Procedure Follows) (continued)

Step	Action
8	Click the  Save. A link to the contract will be added to the CGHRSUP Role User's worklist you entered in step 5 (Route for Approval). If you are the CGHRSUP Role User and you selected "Approved" in step 5, the reenlistment contract will be transmitted to JUMPS on the effective date.

### Approval Procedure

The approval status drop down list is only available to CGHRSUP role users.

Once the transaction is in an Approved Status and Saved, the transaction will be written to the database and sent to JUMPS.

The approver will need to do the following:

## Extension transaction (P154)

---

**Introduction** This section provides the procedure for inputting an Extension of Enlistment transaction.

---

**Information you need to know about this transaction:**

This transaction is completed in Direct-Access, by the SPO, upon receipt of the Career Intentions Worksheet (CG-2045) with both the member and command approval signatures. However, this transaction should not be approved in Direct-Access until the SPO receives the signed Agreement to Extend Enlistment (CG-3301B). Use the contract type of EXT.

The signature date for regular extensions will be the date the CG-3301B is signed by the member and person witnessing the oath. For prior service OCS candidates who must extend to meet obligated service requirements, the signature date of this transaction will be the same as the Enlistment Date on the Enlistment Contract transaction. The effective time of the P154 transaction is defaulted to 0002 behind the scenes.

A Begin Extension transaction (P198) must be submitted after the Extension transaction. If this transaction is being submitted following a member's Voluntary/Involuntary Retention transaction (P176), then this transaction (P154) and the Begin Extension transaction (P198) shall have the same signature date/effective date.

If the Agreement to Extend Enlistment (CG-3301B) is canceled per chapter 1.G.19 of the CG Personnel Manual, COMDTINST M1000.6 (series), delete the P154 transaction. See "Extensions/Re-extensions -- Cancellations, Corrections, Changes and Deletions" on page 43 for the procedure.

For active duty members, a Statement of Intent transaction (SOI) must be submitted by the SPO 45 days prior to the extension agreement date with the member's SRB payment election (lump sum or installments) indicated. The SOI is required to inform PPC (MAS) of the member's entitlement to SRB and / or lump sum leave entitlement.

If a non-U.S. citizen (alien) at the time of original enlistment, a member must be a naturalized citizen to extend enlistment. Only the Commander, (CGPSC) may authorize non-U.S. citizens to extend their enlistment.

## Extension transaction (P154), Continued

**Reserve member on active duty (greater than 140 days ADT/181 days ADOT)**

If a reserve member on active duty (greater than 140 days ADT/181 days ADOT) being paid by JUMPS receives new or amended orders further extending the active duty period, see the procedures for amending the member's active duty termination date (in Part VII of this manual). This extension (P154) transaction alone will not continue the reserve member's active duty pay.

**JUMPS Effect**

The Agreement to Extend Enlistment transaction updates the following in JUMPS:

- Segment 00 (expected Active Duty Termination Date **for regular active duty members and expected loss date for reserve members and regular active duty member who have already met their 8 year military obligation.**)
- Segment 75 (Separation/Retention information)
- Updates contract data information in Direct-Access.

**Corrections and Deletions**

See the section on corrections/deletions.

**Procedure**

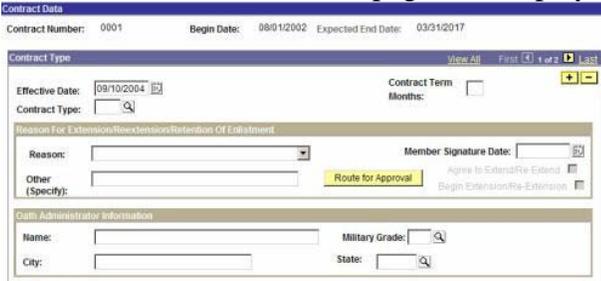

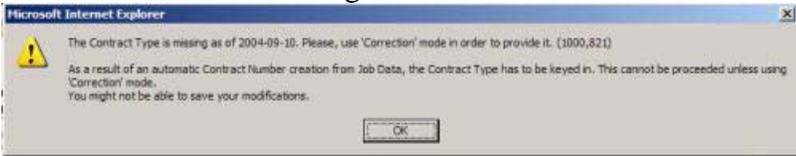

Start Internet Explorer, sign into Direct-Access and follow these steps to complete this procedure.

Step	Action
1	Select menu items in the following order:  <a href="#">Enterprise Menu</a> > <a href="#">Administer Workforce</a> > <a href="#">Administer Workforce (GBL)</a> > <a href="#">Use</a> > <b>Contract Data</b>
2	A search page will appear. Enter the member's employee ID number or other search criteria and click the  button to select the member you wish to display.   When choosing a member from the search results, please be sure you are choosing the person you actually want to change data on. Verify the employee ID or national ID before making any changes. The search will select the member's uniformed employee classification.

That policy, written in <a href="#">Enlisted Accessions, Evaluations, and Advancements, COMDTINST M1000.2</a> Article, 1.B.1.h. ## Re-extension transaction (P159)

---

**Introduction** This section provides the procedure for inputting a Re-Extension of Enlistment transaction.

---

**Information you need to know about this transaction** This transaction is completed in Direct-Access upon receipt of the Career Intentions Worksheet (CG-2045) with both the member and command approval signatures. However, this transaction should not be approved in Direct-Access until the SPO receives the signed Agreement to Extend Enlistment (CG-3301B). Use the contract type of REX.

The signature date for regular re-extensions will be the date the CG-3301B is signed by the member and person witnessing the oath.

A Begin Re-extension transaction (P199) must be submitted after the contract (P159).

If this transaction is being submitted following a member's Voluntary/Involuntary Retention transaction (P176), then this transaction (P159) and the Begin Re-extension transaction (P199) shall have the same signature date (effective date). The signature date must be prior to date current enlistment expires.

If the Agreement to Extend/reextend Enlistment (CG-3301B) is canceled per chapter 1.G.19 of the CG Personnel Manual, COMDTINST M1000.6 (series), delete the P159 transaction. See "Extensions/Re-extensions -- Cancellations, Corrections, Changes and Deletions" on page 43 for the procedure.

If a non-U.S. citizen (alien) at the time of original enlistment, a member must be a naturalized citizen to extend enlistment. Only the Commander, (CGPSC) may authorize non-U.S. citizens to extend their enlistment.

A Statement of Intent transaction (SOI) must be submitted by the SPO 45 days prior to the extension agreement date with the member's SRB payment election (lump sum or installments) indicated. The SOI is required to inform PPC (MAS) of the member's entitlement to SRB.

## Begin Service Report

---

**Introduction** This section provides the procedure to print a Begin Service Report for your field units serviced by the SPO or just for one unit: Use the output of this report to determine which members you need to submit a Begin Extension of Enlistment (P198) or Begin Re-extension of Enlistment (P199) transaction for.

---

**Discussion** There are two versions of this report. One will show extensions/re-extensions with effective (begin) dates coming up within the next 30 days (from the current date). The other will allow you to select a date range so you can identify unexecuted extensions/re-extensions for any range of dates.

## Begin Extension of Enlistment (P198)

---

**Introduction** This section provides the procedure for inputting a Begin Extension of Enlistment transaction.

---

**Information you need to know about this transaction** Member must be within 30 days of their expected active duty termination date.

Does not need to be approved by supervisor.

Audit record is created in PeopleSoft but not sent to JUMPS until the begin service date is reached. A cancel extension will remove the audit record if entered prior to the begin service date.

Number of Days Excess Leave: This is used to show the member is in an excess leave status. Review Chapter 2-I of the CG Pay Manual if the member has excess leave when completing this portion of the transaction. If the member is in an excess leave status, it is recommended they be counseled on how excess leave debits will effect their pay.

Days of Saved Leave the Member Elects to Sell & Days of Regular Leave the Member Elects to Sell: Members are entitled to sell leave on their first extension of the current enlistment. Review Chapter 10-A of the CG Pay Manual prior to completing this portion of the transaction. As a reminder, if a member sells leave in connection with their first extension, payment will be included in the end of month pay following successful processing in JUMPS.

---

**JUMPS Effect** The Begin Extension of Enlistment transaction updates the following in JUMPS:

- Segment 62 (leave sold/carried forward)
  - Segment 75 (Separation/Retention information)
  - Updates contract data information in PeopleSoft.
- 

**Corrections and Deletions** [See the section on corrections/deletions.](#)

## Begin Re-extension of Enlistment (P199)

---

**Introduction** This section provides the procedure for inputting a Begin Re-Extension of Enlistment transaction.

---

**Information you need to know about this transaction** Member must be within 30 days of their expected active duty termination date.

Does not need to be approved by supervisor.

Audit record is created in PeopleSoft but not sent to JUMPS until the begin service date is reached. A cancel extension will remove the audit record if entered prior to the begin service date.

Member is not entitled to sell any leave on a re-extension.

---

**JUMPS Effect** The Begin Re-Extension of Enlistment transaction updates the following in JUMPS:

- Segment 75 (Separation/Retention information)
  - Updates contract data information in PeopleSoft.
- 

**Corrections and Deletions** See the section on corrections/deletions.

## Extensions/Re-extensions -- Cancellations, Corrections, Changes and Deletions

---

**Cancellations** To cancel an extension or re-extension, follow the procedures below for "Deletions".

---

**Changes and Corrections** If a **change** needs to be done to a **pending** transaction, the user may make the change at any time prior to Approval. If you have routed the transaction for approval and need to make a change, insure you make the change prior to the transaction being approved. There is no need to re-route for approval.

---

**Approved Transactions**

CGHRS Role User: If **corrections** need to be done to an **approved** transaction, the CGHRS role user must go into correction mode, make the necessary changes and **Save**. The approval status will be set to Pending and the Approval Date to blank. You must now re-route for approval. You may make changes and route for approval in one step.

CGHRSUP Role User: If **corrections** need to be done to an **approved** transaction and the CGHRSUP role user wanted the correction transaction to be processed immediately, they must go into correction mode, make the necessary changes and **Save**. Since the approval status is still set to Approved, the transaction will process immediately.

If they didn't want the correction transaction to process immediately, they would make the corrections, set the approval status to Pending, **Save**.

Anytime later, they could Approve and Save the transaction.

---

**Deletions / Cancellations before the begin extension/re-extension is approved.**

Deletions may be done to Pending and Approved Transactions except if the begin extension/re-extension (P198/P199) have been approved and processed already, the CGHRS and CGHRSUP role users do not have the ability to delete the row or change the signature date. Only PPC role users have this ability (see [Cancellation of Previously Reported Agreement to Voluntary Extend/Re-extend Enlistment Transactions](#))

**CGHRS and CGHRSUP role users may delete Pending Transactions at any time.**

---

*Continued on next page*

## Extensions/Re-extensions -- Cancellations, Corrections, Changes and Deletions, Continued

---

### Deletions / Cancellations (cont'd)

To delete an **approved** transaction, the HRS user will send an e-mail to the CGHRSUP role user requesting that a deletion.

Since the transaction is already **Approved**, the CGHRSUP role user needs only to press the Delete Button  
And **Save**.

1. When deleting a row of data (a separation or extension contract for example) be sure to click the save button before starting the new transaction. If you delete a row and start a new transaction without first saving the deletion action the system may not generate the deletion for JUMPS or it may not let you save your new transaction.

Ensure the reason for cancellation is covered by [Enlisted Accessions, Evaluations, and Advancements, COMDTINST M1000.2 \(series\)](#), Article 1.B.6 (regular) or 1.G.6 (reserve) before deleting an extension that has been signed by the member and accepted by the Coast Guard or Coast Guard Reserve. If there is a signature date, and the extension or re-extension transaction (P154 or P159) has not been approved yet, then the HRS user can change the date or delete the extension/re-extension row.

If there is a signature date, and the extension or re-extension transaction (P154 or P159) has been approved and processed, and the extension/re-extension has NOT went into effect yet (P198 or P199 has not been approved), then the CGHRSUP role user has the ability to delete the row if needed and create a new one.

If there is a signature date and the P154 and P198 transaction have been approved and processed already, the CGHRS and CGHRSUP role users do not have the ability to delete the row or change the signature date. Only PPC role users have this ability (follow the procedure on the next page to request deletion).

The CGHRS and CGHRSUP role users do not have the ability to change the effective (begin) date of the P198/P199.

---

## Cancellation of an Extension/Re-extension after the Begin Service Transaction is Submitted

---

**Introduction** This section provides the procedure for cancellation of an agreement to voluntary extend/re-extend enlistment for an enlisted member **AFTER** the Begin Extension of Enlistment (P198) or Begin Re-extension of Enlistment (P199) is submitted.

If the Begin Extension/Re-extension transaction has not been submitted, delete the Extension/Re-extension per the procedure described in the Extensions/Re-extensions -- Cancellations, Corrections, Changes and Deletions section on page 43 of this chapter.

---

**Information you need to know about this request** Review [Enlisted Accessions, Evaluations, and Advancements, COMDTINST M1000.2 \(series\)](#), Article 1.B.6 (regular) or 1.G.6 (reserve) before to submitting this request.

The effective date will be the day a voluntary extension or re-extension is canceled. This should also be the date prior to the reenlistment transaction or new extension/re-extension transaction (if the member is re-enlisting or extending for a greater period of time).

---

**Procedure** SPOs will submit requests for cancellation of a previously reported Agreement to Voluntary Extend/Re-extend Enlistment to PPC Customer Care for action.

The SPO will include the following information in the request:

1. Member's full identification (Rank/Rate, name and Employee ID number.
2. The reason for request (e. g. Member has elected to reenlist, member desires to extend for a greater period of time, etc.)
3. SPO point of contact (Rank/Rate, name, e-mail address and telephone number.

Requests may be submitted to PPC Customer Care via e-mail or by completing the online trouble ticket form.

Note: **Requests must be submitted by the responsible SPO.** Units and members may not submit requests for cancellation of extensions/re-extensions directly to PPC Customer Care.

---

## Retained Beyond Normal Expiration of Enlistment (P176)

**Information you need to know about this transaction** Research the EXP-AD-TERM-DT (Expected Active Duty Termination Date) on Segment 00 prior to completing this transaction. If the date shown is incorrect, contact PPC (MAS) for guidance.

For regular active duty members this transaction will retain the member on active duty. For members in confinement, pay and allowances will be suspended.

For reserve members this transaction will extend the EXP-LOSS-DT (Expected Loss Date) only. It may be necessary to submit a P191, P192, or L68C transaction to report additional active duty authorized.

---

**JUMPS Effect** The involuntary retention transaction updates the following in JUMPS:

- Segment 00 (expected active duty termination date for regular active duty members and expected loss date for reserve members).
- Segment 75 (Separation/Retention information)
- Updates contract data information in PeopleSoft.

---

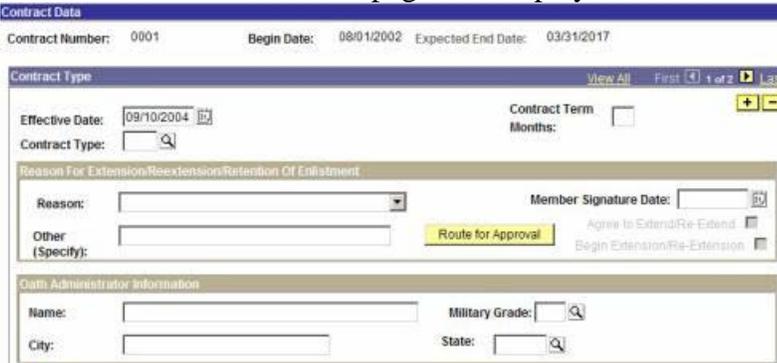

**Corrections and Deletions** Corrections and Deletions may be made to this transaction. See the section on corrections/deletions.

## Active Duty 6th or 10th Anniversary Query

---

**Introduction** This report allows the user to query the system to show members who are within 90 days of their 6th or 10th year anniversary of active duty date.

---

**Before you begin** Set Internet Explorer to Allow Pop-ups from the Direct-Access site.

---

**Usage** Per Article 1.B.11 of [Military Bonus Programs, COMDTINST M7220.2](#) (series), an Administrative Remarks, CG-3307, entry is required for personnel within 3 months prior to their 6 or 10 year active duty anniversary date. These members may reenlist before their 6th or 10th anniversary (regardless of their expiration of enlistment date) in order to be eligible for a Zone "A" or "B" Selective Reenlistment Bonus. Run this report at least monthly to identify members in your area of responsibility who need to be counseled on Selective Reenlistment Bonus eligibility.

## Printing DD-4/Agreement to Extend/Reenlist

---

**Introduction** This section provides procedures for using PeopleSoft to create an agree to extend, agree to re-extend, begin extension, begin re-extension, enter involuntary retention, cancel an extension/re-extension, or enter a reenlistment transaction.

---

**Forms:** The Agreement to Extend Enlistment (**CG-3301B**) and the Discharge and Reenlistment Contract (**DD 4**) forms can be printed by following the procedures below.

A new version of [DD Form 4/1 \(October 2007\)](#) has been released by the DoD. The October 2002 version, which is generated by Direct-Access, remains valid for Coast Guard and Coast Guard Reserve reenlistments. The October 2007 version of the form will be added to Direct Access in a future software update.

Note: You can only print contracts that were created in Direct Access on or after 28 September 2004. Contracts created in SDA II cannot be printed from Direct Access.

Because the DD Form 4/1 is a multi-service/multi-purpose form there many fields which are not applicable to CG reenlistments. Members are often concerned because block 7a. & 7b (Prior active/inactive service) are blank. Handwrite "N/R" or "Not Required" in any block /field that isn't used for the reenlistment data.

---

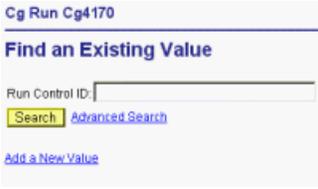

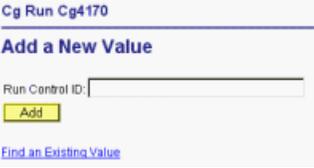

**Accession Contracts** You cannot print a contract for an accession. It is assumed that the new member would be arriving from the recruiting office with a contract already signed. There is no need to print the contract from the system. However, in the case of a rehire, you may need to produce a contract for the member and enlisting officer to sign. For this reason a PDF version of the form is available - <http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd0004.pdf>.
