Substance Abuse Prevention Specialist (SAPS)

Locations: Various

Tour Length: Standard Ashore

Clearance: Standard required for Special Assignments

Telephonic Interview

COMDTINST M1000.8 Art. 1.E.14

SAPS are frequently called upon to represent the program before Coast Guard personnel and on occasion other services and the public. These persons should acquire the interpersonal skills needed to communicate with small and large groups. The ability to develop classroom instruction materials, prepare for public speaking engagements, and ensure the quality of locally obtained training is essential. Incumbents travel frequently including occasional foreign travel. Their willingness and stamina to do so is critical.

Responsibilities: Establish a network of unit CDARs and consistently provide updated and new information pertaining to CDAR issues. Conduct and assist other commands' CDARs in developing and conducting general alcohol awareness and SAFE awareness training programs. Advise and assist units in respective areas on all matters pertaining to substance abuse prevention and treatment

Member E-Resume (Enter into comments block.):

- Why do you want to be a SAP?
- Have you been a unit CDAR?
- List All Specialty Training/Education associated with this field
- Please state: Government Travel Charge Card in good standing. If you are not eligible for a Gov't Travel Charge Card you are not eligible for this Special Assignment.

Command Endorsement (minimum): Certify data above and provide additional comments on the member's ability to handle sensitive medical information. Please state in the endorsement "Member meets the minimum requirements for Special Assignments as outlined in COMDTINST M1000.8, Arts. 1.E.2 and 1.E.14 and is highly recommended for SAPS duty."
