

KEITH MICHEL
Chairman,
Herbert Engineering Corp.

Keith Michel is Chairman of Herbert Engineering Corp., where he has worked for the past 35 years. During his time at HEC, he has been primarily engaged in the design of containerships, tankers, and gas carriers, and in risk analysis and environmental studies. Mr. Michel has served as a technical advisor to the U.S. delegation at IMO for the past ten years and chaired the IMO BLG working group revising MARPOL regulations related to tanker outflow. He is past chairman of the Northern California Section of SNAME, chairs SNAME's Investments and Nominating Committees, and is a member of SNAME's Executive Committee. He currently serves as president of SNAME. Mr. Michel also served as chair of the Marine Board of the National Research Council. He has a BS in Naval Architecture and Marine Engineering from Webb Institute.
