Mandatory Fees that can not be waived:

Note: Parking fees are not authorized. Transportation and bus fees are not payable under the program, however, if the fees are mandatory the student must provide the university's documentation stating the fees are indeed mandatory and can't be waived. If the documentation provided does not state the above fees are mandatory the particular fee will be deducted from the total costs for the term. Some universities waive their mandatory health fees for military students, but if not waived by the university the student must also obtain documentation or a statement from the university's accounting office stating the fee can't be waived. Once the documentation or statement for fees from the university is provided the student will not be required to resubmit the same documents for succeeding term(s). However, when submitting the SAF for succeeding term(s) the student will need to state in the "FEES MUST BE LISTED" section of page 2 "documentation for mandatory fees previously submitted".
