Nutley Police Lt. Steve Rogers led a group of youths from the Junior Police Academy on a U.S. Coast Guard Mission on Aug. 4.

Nutley junior police cadets take trip on Coast Guard Cutter

Cadets from the Nutley Junior Police Academy were invited, along with Steve Rogers and Detective Anthony Montanari. Coast Guard Capt Michael Sarnowski of the CCG PENSOCOT to

board his 100-foot cutter for a half-day tour around New York Harbor. The cadets were thrilled about shooting the on-deck water canon, and seeing a staged water rescue up close. They circled the Statue of

Liberty, Ellis Island and viewed the Verrazano Narrows Bridge up close. The academy has really taken off, and Montanari continues to accept applicants. Montanari is running the academy along

with his partner, Detective Maria Hamlin.

Although originally designed to last throughout the summer, an overwhelming response from residents and children to

keep the academy going through the school year has prompted the detectives to plan more activities throughout the school year.

The cadets will also be

visiting the Essex County Police Academy in Cedar Grove Aug. 7, and will see, first hand, how police officers are trained.

Following are images of the cutter trip.
