Dear Captain Crosse,

We are back home from our trip to San Diego and the great day at the first America's Cup race as guests of the Coast Guard and the BOUTWELL. It was a wonderful experience!!

The hospitality of you and your crew was 'outstanding', in military terminology. Everyone on board felt as we did, I'm certain, that it was a very special day. And we know that BOUTWELL faced several more such days until the winner was decided.

Please express our sincere thanks and appreciation to your crew, and we hope to be able to reciprocate from the Contra Costa Council of the Navy League one day soon.

Sincerely,

Jeanne & Bill Sharkey
