Subject: COAST GUARD MIGRATING TO THE DHS FINANCIAL SYSTEMS
MODERNIZATION SOLUTION (FSMS)

Dear Vendor,

This is an update to our prior memo in regards to the United States Coast Guard (USCG) transition to our new finance and accounting system.

We are pleased to announce that we have successfully migrated to our new DHS Financial Systems and Modernization Solution (FSMS) and are working feverishly to expedite payment of the approximately 20,000 backlogged invoices received during the cutover period. We are working the oldest invoices first. In addition, we will be assessing system performance in order to determine processing capability relative to the backlog and will provide another status update within thirty (30) days.

We apologize for this inconvenience and thank you for your patience during this transition period of modernizing our financial system. For additional information, please contact a Finance Center customer service representative at (757) 523-6940.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. P. Carroll".
