Re: Claim Number: N10036-1952

Dear Mr. Cuevas,

The National Pollution Funds Center (NPFC), in accordance with the Oil Pollution Act of 1990, 33 U.S.C. § 2701 et seq. (OPA) and the associated regulations at 33 C.F.R. Part 136, denies payment on the claim number N10036-1952 involving the Deepwater Horizon oil spill. Please see the attached Claim Summary/Determination Form for further explanation.

You may make a written request for reconsideration of this claim. The reconsideration must be received by the NPFC within 60 days of the date of this letter and must include the factual or legal basis of the request for reconsideration, providing any additional support for the claim. However, if you find that you will be unable to gather particular information within the time period, you may include a request for an extension of time for a specified duration with your reconsideration request.

Reconsideration of the denial will be based upon the information provided. A claim may be reconsidered only once. Disposition of that reconsideration in writing will constitute final agency action. Failure of the NPFC to issue a written decision within 90 days after receipt of a timely request for reconsideration shall, at the option of the claimant, be deemed final agency action. Enclosure: Claim Summary/Determination

CLAIM SUMMARY/DETERMINATION FORM

Claim Number	N10036-1952
Claimant	Chico Boy, Inc.
Type of Claimant	Private (US)
Type of Claim	Loss of Profits or Impairment of Earning Capacity
Amount Requested	\$75,101.00

FACTS

On or about 20 April 2010, the Mobile Offshore Drilling Unit Deepwater Horizon (Deepwater Horizon) exploded and sank in the Gulf of Mexico. As a result of the explosion and sinking, oil discharged. The Coast Guard designated the source of the discharge and identified BP as a responsible party (RP). BP accepted the designation and advertised its OPA claims process. On 23 August 2010, the Gulf Coast Claims Facility (GCCF) began accepting and adjudicating certain individual and business claims on behalf of BP.

On 08 March 2012, the United States District Court, Eastern District of Louisiana issued a "Transition Order" (TO) limiting the GCCF's ability to accept, process, or pay claims except as provided in that order. The TO created a Transition Process (TP) to facilitate the transition of the claims process from the GCCF to a proposed Court Supervised Settlement Program (CSSP). The Court granted Preliminary Approval of the proposed settlement agreement on 02 May 2012, and the CSSP began processing claims on 04 June 2012.

CLAIM AND CLAIMANT

On 29 May 2013, Mr. Jose Cuevas, on behalf of Chico Boy, Inc., ("the Claimant") submitted a claim to the Oil Spill Liability Trust Fund (OSLTF) for \$75,101.00 in loss of profits or impairment of earning capacity damages allegedly resulting from the Deepwater Horizon oil spill.¹

The Claimant owns and operates the fishing vessel, Chico Boy, Inc., which is based in Port Isabel, Texas. The Claimant alleged that after the oil spill, the vessel was unable to shrimp in certain areas of the Gulf of Mexico, and sustained \$75,101.00 in financial losses as a result.

In determining the extent of his losses, the Claimant calculated the average poundage of his catch in "Louisiana-Gulf of Mexico" over a three-year period and then multiplied his losses by \$6.50, which he identifies as the average price of shrimp in 2010, for a total alleged loss of \$75,101.00.²

APPLICABLE LAW

Under the Oil Pollution Act of 1990 (OPA), at 33 U.S.C. § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into or upon the navigable water, adjoining shorelines, or the exclusive economic zone of the United States, as described in § 2702(b) of OPA.

The OSLTF is available to pay claims for uncompensated damages pursuant to 33 U.S.C. § 2712(a)(4) and § 2713 and the OSLTF claims adjudication regulations at 33 C.F.R. Part 136.

¹ Optional OSLTF Claim Form, unsigned.

² Document, "Basis for Claim."

One type of damages available pursuant to 33 C.F.R. § 136.231 is a claim for loss of profits or impairment of earning capacity due to injury to or destruction of natural resources.

Under 33 C.F.R. § 136.233 a claimant must establish the following:

- (a) That real or personal property or natural resources have been injured, destroyed, or lost;
- (b) That the claimant's income was reduced as a consequence of injury to, destruction of, or loss of property or natural resources, and the amount of that reduction;
- (c) The amount of the claimant's profits or earnings in comparable periods and during the period when the claimed loss or impairment was suffered, as established by income tax returns, financial statements, and similar documents. In addition, comparative figures for profits or earnings for the same or similar activities outside of the area affected by the incident also must be established; and
- (d) Whether alternative employment or business was available and undertaken and, if so, the amount of income received. All income that a claimant received as a result of the incident must be clearly indicated and any saved overhead and other normal expenses not incurred as a result of the incident must be established.

Under 33 C.F.R. § 136.105(a) and § 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 C.F.R. § 136.235, the amount of compensation allowable for a claim involving loss of profits or impairment of earning capacity is limited to the actual net reduction or loss of earnings or profits suffered. Calculations for net reductions or losses must clearly reflect adjustments for—

- (a) All income resulting from the incident;
- (b) All income from alternative employment or business undertaken;
- (c) Potential income from alternative employment or business not undertaken, but reasonably available;
- (d) Any saved overhead or normal expenses not incurred as a result of the incident; and
- (e) State, local, and Federal taxes.

Under 33 U.S.C. § 2712(f), payment of any claim or obligation by the Fund under OPA shall be subject to the United States Government acquiring, by subrogation, all rights of the claimant or State to recover from the responsible party.

DETERMINATION OF LOSS

Claimant's Submission to the NPFC

The Claimant submitted the following documentation in support of this claim:

- Claim Cover Letter, dated 15 April 2013;
- Document, "Basis for claim";
- Certificate of Vessel Documentation, issued 15 May 2012;
- Copy of check issued by the GCCF: \$27,500.00, dated 16 November 2010;
- 2010 Federal income tax returns;
- 2010 Form 1120, showing gross sales of \$343,273.00 and total income of \$347,299.00;
- Income Tax return cover letter, 2 March 2012, Krummel & Magee, P.C.;
- 2009 Federal Income Tax Returns;

- 2009 Form 1120, showing gross sales of \$257,168.00 and total income of \$284,668.00;
- 2008 Federal income tax returns;
- 2008 Form 1120, showing gross sales of \$244,848.00 and total income of \$244,848.00;
- Response to NPFC request for additional information, dated 23 May 2013;

Prior to presenting this claim the NPFC, the Claimant submitted various claims to the Responsible Party. The Claimant has included evidence indicating that the GCCF compensated the Claimant at least \$27,500.00.³ The Claimant alleged that other claims were then presented to the RP or an agent acting on the RP's behalf, but that those claims were denied.

On 29 May 2013, the Claimant submitted this claim to the NPFC, seeking to recover \$75,101.00 in loss of profits or impairment of earning capacity damages resulting from the Deepwater Horizon oil spill. The NPFC will adjudicate this claim to the extent presentment requirements have been satisfied. If any of the damages now presented to the NPFC, were not first presented to and denied by the RP or an agent acting on its behalf, these damages are denied for improper presentment.⁴

NPFC Determination

Under 33 U.S.C. § 2702(b)(2)(E) and 33 C.F.R. Part 136, a claimant must prove that any loss of income was due to injury, destruction or loss of real or personal property or of a natural resource as a result of a discharge or substantial threat of a discharge of oil. Under 33 C.F.R. § 136.105(a) and § 136.105(e)(6), the claimant bears the burden of providing all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

In order to prove a claim for loss of profits damages, a Claimant must provide evidence sufficient to prove (1) that the Claimant sustained an uncompensated loss or reduction in income, and (2) that the financial loss was caused by damage to real property or natural resources caused by the discharge of oil resulting from the Deepwater Horizon oil spill.

1. Failure to prove a loss or reduction in income.

The Claimant seeks to recover the value of one year of lost earnings due to their inability to shrimp in certain Gulf of Mexico fisheries affected by the oil spill. The amount of compensation potentially available to any claimant seeking loss of profits damages is limited to the "actual net reduction or loss of earnings or profits suffered."⁵ Future losses, or other speculative losses that have not actually been sustained by the Claimant at the time of claim presentment, are therefore not compensable under OPA.

Financial documentation included with this claim submission fails to indicate that the Claimant sustained an uncompensated loss of earnings after the oil spill. Rather, the Claimant's tax returns document that the Claimant's earnings increased substantially in 2010 as compared to 2009.⁶ Having presented no other financial documentation to support this claim, the Claimant has failed to demonstrate that he sustained an uncompensated financial loss in 2010.

³ Copy of check, 15 April 2013.

⁴ 33 C.F.R. § 136.103(a).

⁵ 2009, 2010 Forms 1120S.

⁶ 2010 income includes EAP payment by GCCF.

2. Failure to prove that the oil spill negatively affected the Claimant's business.

Furthermore, the Claimant has not provided any evidence to prove that he routinely caught shrimp in fisheries affected by closures resulting from the Deepwater Horizon oil spill. On 29 April 2013, the NPFC sent the Claimant a letter requesting that the Claimant provide certain information to substantiate his claim, including trip tickets and landing data to document the location and amount of the Claimant's catch in years prior to the oil spill.⁷ The Claimant failed to provide this requested evidence or any other evidence to identify the locations where he usually fished, or to prove that he was prepared to, but unable to fish in waters closed as a result of the oil spill.

Based on the foregoing, this claim is denied because the Claimant has failed to provide evidence sufficient to prove (1) that he sustained an uncompensated financial loss in the amount of \$75,101.00 or (2) that the alleged loss is due to the injury, destruction, or loss of property or natural resources as a result of a discharge or substantial threat of discharge of oil.
