

CLAIM SUMMARY / DETERMINATION FORM

Date	: 2/26/2009
Claim Number	: 909063-001
Claimant	: State of Connecticut
Type of Claimant	: State
Type of Claim	: Removal Costs
Claim Manager	: [REDACTED]
Amount Requested	: \$2,904.88

FACTS:

1. Oil Spill Incident: On October 15, 2005, Connecticut Department of Environmental Protection (CT DEP) responded to and investigated a vehicle accident which involved a diesel spill from a jack-knifed tractor-trailer owned by Mr. [REDACTED] of Downey, CA. Upon completion of the investigation, CT DEP concluded that approximately 125-gallons of diesel fuel spill from both of the tractor-trailer's saddle tanks. The local fire department and the State DOT was able to dike most of the spillage although estimated 20-gallons of diesel entered into a nearby storm drain. The outfall to the storm drain was inspected by CT DEP and a light sheen of oil was noted. The storm drain leads directly to the Connecticut River, a navigable waterway of the US. CT DEP notified the National Response Center (NRC) and reported the incident via report # 776255. Upon notification to the NRC, CT DEP received a call from the Federal On Scene Coordinator Representative (FOSCR), MST [REDACTED] of Coast Guard Sector Long Island Sound, who authorized CT DEP to handle the response as planned in order to mitigate the diesel release. CT DEP hired Environmental Services, Inc. to pump out the saddle tanks, pump out the pooled diesel and to clean the affected storm drain. Remaining oil on the roadway was removed with speedy dry after the tanker truck was towed from the scene.

2. The Claim: On February 2, 2009, Connecticut DEP submitted a removal cost claim to the National Pollution Funds Center (NPFC), for reimbursement of their uncompensated removal costs in the amount of \$2,904.88 for the services provided to respond to the oil spill. This claim is for removal costs based on the contracted rate schedule in place with Connecticut DEP at the time services were provided.

This claim consists of copies of the invoicing and associated dailies, disposal manifests, contracted rate schedules, Connecticut DEP Spill Summary Report, NRC report, proof of presentment to the responsible party, and FOOSC coordination. The review of the actual cost invoicing and dailies focused on: (1) whether the actions taken were compensable "removal actions" under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were consistent with the NCP or directed by the FOOSC, and (4) whether the costs were adequately documented.

APPLICABLE LAW:

Under OPA 90, at 33 USC § 2702(a), responsible parties are liable for removal costs and damages resulting from the discharge of oil into navigable waters and adjoining

shorelines, as described in Section 2702(b) of OPA 90. A responsible party's liability will include "removal costs incurred by any person for acts taken by the person which are consistent with the National Contingency Plan". 33 USC § 2702(b)(1)(B).

"Oil" is defined in relevant part, at 33 USC § 2701(23), to mean "oil of any kind or in any form, including petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil".

The Oil Spill Liability Trust Fund (OSLTF), which is administered by the NPFC, is available, pursuant to 33 USC §§ 2712(a)(4) and 2713 and the OSLTF claims adjudication regulations at 33 CFR Part 136, to pay claims for uncompensated removal costs that are determined to be consistent with the National Contingency Plan and uncompensated damages. Removal costs are defined as "the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from an incident".

Under 33 USC §2713(b)(2) and 33 CFR 136.103(d) no claim against the OSLTF may be approved or certified for payment during the pendency of an action by the claimant in court to recover the same costs that are the subject of the claim. See also, 33 USC §2713(c) and 33 CFR 136.103(c)(2) [claimant election].

33 U.S.C. §2713(d) provides that "If a claim is presented in accordance with this section, including a claim for interim, short-term damages representing less than the full amount of damages to which the claimant ultimately may be entitled, and full and adequate compensation is unavailable, a claim for the uncompensated damages and removal costs may be presented to the Fund."

Under 33 CFR 136.105(a) and 136.105(e)(6), the claimant bears the burden of providing to the NPFC, all evidence, information, and documentation deemed necessary by the Director, NPFC, to support the claim.

Under 33 CFR 136.105(b) each claim must be in writing, for a sum certain for each category of uncompensated damages or removal costs resulting from an incident. In addition, under 33 CFR 136, the claimant bears the burden to prove the removal actions were reasonable in response to the scope of the oil spill incident, and the NPFC has the authority and responsibility to perform a reasonableness determination. Specifically, under 33 CFR 136.203, "a claimant must establish -

- (a) That the actions taken were necessary to prevent, minimize, or mitigate the effects of the incident;
- (b) That the removal costs were incurred as a result of these actions;
- (c) That the actions taken were determined by the FOSC to be consistent with the National Contingency Plan or were directed by the FOSC."

Under 33 CFR 136.205 "the amount of compensation allowable is the total of uncompensated *reasonable* removal costs of actions taken that were determined by the

FOSC to be consistent with the National Contingency Plan or were directed by the FOSC. Except in exceptional circumstances, removal *activities* for which costs are being claimed must have been coordinated with the FOSC.” [Emphasis added].

DETERMINATION OF LOSS:

A. *Overview:*

1. The FOSC has provided FOSC coordination. A coordination statement has been provided from MST [REDACTED] of USCG Sector Long Island Sound.
2. The incident involved the discharge and substantial threat of discharge of “oil” as defined in OPA 90, 33 U.S.C. § 2701(23), to navigable waters.
3. In accordance with 33 CFR § 136.105(e)(12), the claimant has certified no suit has been filed in court for the claimed uncompensated removal costs.
4. The claim was submitted on time.
5. Presentment of costs to the RP was made prior to the submission of the claim. The NPFC also made presentment of costs to the RP on February 5, 2009.
6. The NPFC Claims Manager has thoroughly reviewed all documentation submitted with the claim and determined that the removal costs presented were for actions in accordance with the NCP and that the costs for these actions were indeed reasonable and allowable under OPA and 33 CFR § 136.205.

B. *Analysis:*

NPFC CA reviewed the actual cost invoices and dailies to confirm that the claimant had incurred all costs claimed. The review focused on: (1) whether the actions taken were compensable “removal actions” under OPA and the claims regulations at 33 CFR 136 (e.g., actions to prevent, minimize, mitigate the effects of the incident); (2) whether the costs were incurred as a result of these actions; (3) whether the actions taken were determined by the FOSC, to be consistent with the NCP or directed by the FOSC, and (4) whether the costs were adequately documented and reasonable.

On that basis, the Claims Manager hereby determines that the claimant did in fact incur \$2,904.88 of uncompensated removal costs and that that amount is properly payable by the OSLTF as full compensation for the reimbursable removal costs incurred by the claimant and submitted to the NPFC under claim# 909063-001. The claimant states that all costs claimed are for uncompensated removal costs incurred by the claimant for this incident. The claimant represents that all costs paid by the claimant are compensable removal costs, payable by the OSLTF as presented by the claimant.

C. *Determined Amount:*

The NPFC hereby determines that the OSLTF will pay \$2,904.88 as full compensation for the reimbursable removal costs incurred by the Claimant and submitted to the NPFC under claim # 909063-001. All costs claimed are for charges paid for by the Claimant for removal actions as that term is defined in OPA and, are compensable removal costs, payable by the OSLTF as presented by the Claimant.

AMOUNT: \$2,904.88
